MINUTES OF MEETINGS
OF THE
Board of Commissioners

MARCH, 1921

NEWARK, N. J.

March 3, 1921.

A regular meeting of the Board of Commissioners of the City of Newark, N. J., was held on the above date, in the Council Chamber, City Hall, Newark, at 11 A. M.

Present — Commissioners Archibald, Brennan, Monahan, Raymond, Mayor Gillen.

The minutes of meeting of February 24, 1921, were read and approved.

Commissioner Raymond—I am asking the Commission today to give me authority to appoint an expert on City lighting to make a survey of city lighting, recommend any rearrangement of lighting, recommend the best type of light and the best way of getting current. I expect to ask Mr. Harry F. Jackson, who is a local lighting man, to do this for us.

Commissioner Raymond offered the following resolution:

RESOLVED, That the Director of the Department of Streets and Public Improvements be and he hereby is authorized and directed to employ an expert on illumination for the purpose of making a survey and report on the entire street lighting system of the City of Newark.

Thomas L. Raymond,
Charles P. Gillen,
William J. Brennan,
A. Archibald,
John F. Monahan.

The roll being called, the resolution was declared adopted by the following votes:

Yeas—Commissioners Archibald, Brennan, Monahan, Raymond, Mayor Gillen.

Commissioner Raymond moved that the two reports of the Commissioners of Assessment for Local Improvements, assessing benefits for the paving of Wilson Avenue from the westerly line of Avenue L to a point about 600 feet south of Ball's Lane in said City, and the paving of Wil-

son Avenue from about 600 feet south of Hyatt Avenue to Newark Bay, be laid over for two weeks.

The roll being called, the motion was declared adopted by the following votes:

Yeas—Commissioners Archibald, Brennan, Monahan, Raymond, Mayor Gillen.

Commissioner Raymond moved that the ordaining clause of an ordinance entitled "An Ordinance to provide for the construction of a storm water sewer in Heller Parkway from Great Meadow Brook to Highland Avenue," be stricken out.

The roll being called, the motion was declared adopted by the following votes:

Yeas—Commissioners Archibald, Brennan, Monahan, Raymond, Mayor Gillen.

Mayor Gillen—The Board is now prepared to hear any citizens who are interested in the High Street opening and widening.

Judge Frank E. Boettner, 776 Broad Street—I represent Mr. George W. Farnham. Mr. Farnham is the owner of property at the corner of Orange and High Streets. We are objecting to the amount of the award of damages, etc. Mr. James A. Berry, representing Mr. Farnham, will explain the reasons for our objections to the awards the Board has now made.

Mr. James A. Berry, 9 Clinton Street—We have a plot of ground on the southeasterly corner of Orange and High Streets. The dimensions

of the plot are 58x80 on the respective streets. The Board of Assessment Commissioners, if that be their proper title, have awarded the owner of that, by reason of the piece that has been taken, a triangular strip if you please, \$6,635 for the land actually taken, and \$5,300 in round numbers for damages to the remainder. Our contention is that this is inadequate, insufficient and unfair, and we think we can show that to you. I do not know upon what basis of valuation the figures were arrived at, but I think I can show you, as I said previously, that it is inadequate.

Mayor Gillen—What was the amount of the award?

Mr. Berry—\$12,000, Mr. Chairman, and I think that the owner of that property is entitled to not less than \$17,000.

Mayor Gillen—You think you are entitled to \$17,000? Mr. Congleton, what do you think we should do?

Corporation Counsel Congleton—The only thing you can do is to listen to what they have to say; hear the arguments and take it under consideration.

Mr. Berry—This is rather a long-winded matter, and I feel if I were trespassing upon the time of the Commission perhaps we could set some other time for this specific purpose. We think our plot of land is worth, as it stands today, a rectangular plot, 58 x 80, not less than \$25,000. By reason of the fact that the City has taken half of this plot, following the rule in such cases, we believe we are entitled to three-fourths of the value by reason of fifty per cent. being taken. We are

not departing from any set standard. It all being frontage you are taking, we contend we are entitled to three-fourths of the value of the whole, and, of course, we have precedents upon which to establish that claim. We are not so much discontented with the remainder of the award.

Commissioner Raymond—It seems to me this is a waste of time for Mr. Berry and the Commission. Mr. Kearns says under the decision in the Vailsburgh Sewer case, this matter must be taken in evidence under oath and we must have a hearing and go into the matter.

Corporation Counsel Congleton—You can hear the arguments and then decide if a hearing should be held.

Mr. Berry—We contend the plot of ground we are speaking of stands in a class by itself. It is on the southeasterly corner of Orange and High Streets which is practically directly opposite High Street on the northerly side of Orange Street giving it a most unusual and commanding position. You cannot come down from High Street without running into our property. It stands right in evidence. There is another contention. At a previous hearing in the office of the Commissioners of Assessment we were informed by the Commissioners that the basis of determination of values on our side of the street were similar to that on the other side, where you are taking practically the same triangle, where the church is. We contend in that particular respect we are worth more than the land across the street. The street, as you gentlemen know, is unlike a great many other streets in Newark. The south side of Orange

Street from Broad up is the more valuable side. There are reasons for that, some of which we are prepared to show you. For example, opposite our land is a City Park, from a business angle dead stock; on the other side is the Westinghouse factory. The Park and factory are all that are on the northerly side of Orange Street and Orange Place. There is no incentive for the pedestrian to walk on the northerly side of Orange Street, which puts traffic on our side. For that reason we feel, if the basis for valuations on the northwest corner be sound, then the basis of valuation on our land on the southeasterly corner is unsound, because we are worth more to start with.

Mayor Gillen—What award was made on the other side?

Mr. Berry—I am not familiar with the figure given, but the Commissioners inform us that the basis is the same, and I contend there is error right there. There is another point I wish to impress for the benefit of this Board. High Street at our corner is a County road 66 feet wide. High Street on the other side is only 50 feet scant. We are wider on our corner by 16 feet. There are others who were awarded values on same basis as given to us. There is one other feature. We are left with an unuseful triangular strip. The Commissioners have taken exactly 50 per cent. of our land, and they have left us with a triangle that to our way of thinking is practically unuseful. If you will look at the map you will be inclined to agree with us. Furthermore, across the street, they have taken another triangle, but have not to any depreciable extent injured the plot. I am not leaning down against our neighbor. They left him with a

good useful plot, but ruined us They should give us excess condemnation. If that were in effect you could take it all and sell it, perhaps, to our neighbor. We think the figures awarded by the Commission should be raised fifty per cent. We feel we are entitled to \$17,500.

Mayor Gillen—What is the assessed valuation of that property

Mr. Berry—I cannot tell you. I think it is about \$8,000. If you wish to set up the question of assessment of values we are ready to go into that.

Mayor Gillen—Don't you think you got off pretty cheap on the valuation?

Mr. Berry—As to getting off cheap, that is a matter for the Tax Board. I think they followed the usual trend and we are not criticising them. We are sticking to the fact that our land is worth a great deal more than they have given us. If excess condemnation were in effect, Mr. Mayor, we would be called upon to explain nothing to you. You could take it over. We would not want it at all. It cannot be put in evidence, you merely hear us, but we know of an offer of \$30,000 for this piece of property was made.

Mayor Gillen—Have you anything more to offer?

Mr. Berry—I hesitate to trespass on your time. I think the arguments we have set forth are sufficient at least in warranting your Commission to take the matter up and look into it, examine and determine what in your judgment is fair. Consider it from the angle if you were left with

that piece of land, an unuseful triangle, at a point where you cannot get into it when traffic runs through there. We would also like to have you remember we are asking you for \$17,500 and we are prepared to show you at any time that we are entitled to it. We think we can do it.

Mayor Gillen—Mr. Boettner, have you anything further to offer?

Judge Boettner—I have nothing further. I can only say that Mr. Berry represents us.

Mayor Gillen—The Board will take the matter under advisement. The Board is now prepared to hear any other citizens on the High Street opening and widening. Is there any citizen desiring to be heard on any subject?

Mr. David M. Litwin, 9 Clinton Street—I appear on behalf of Mr. Samuel Gorman, owner of property at 781 Clinton Avenue. Mr. Gorman and his neighbors are in a very peculiar position. That part of Clinton Avenue is a high-class residential neighborhood. The Zoning Commission in dividing the City into zones divided that block into a residential zone and into a business zone, and it happens that the dividing point is at the westerly line of my client's property. On the west are two lots, 50 feet fronting on Clinton Avenue. I have taken this matter up with the Zoning Commission and they said it was without their jurisdiction and suggested that I take it up with you. Some time ago a permit was applied for a garage and a protest was made and that was refused. Then there was a permit granted to build a store and moving picture theatre on this property. That was granted by the

Building Department on September 3rd. On September 13th that permit was returned to the Building Department, but two days before that a permit was granted for a store, so that there was an overlapping of permits, and I say to you gentlemen, the second permit is void on that account. The residents of the neighborhood object because of the fact that the Zoning Commission originally fixed a point in the middle of the block as the dividing line. They want to convert this property into business property. (Mr. Litwin then read a resolution adopted by the Public Welfare Association of Clinton Hill protesting against the erection of a store on Clinton Avenue between 16th and 17th Streets.)

At this time, on behalf of the protestants, I would like to have your Board adopt a resolution authorizing the Department of Buildings to revoke the permit temporarily until we can determine as to whether it is fitting and proper that business buildings be erected in this residential section. The people who own the property on the opposite side of the street also object because of the fact that there are two large homesteads between Leslie Place and the next street.

Corporation Counsel Congleton—I do not believe the Board has the right to revoke a permit unless it was obtained through fraud. I do not think you can revoke the ordinance at this time and we could not pass an ordinance that is retroactive and deprive that man of his right. You have adopted an ordinance creating various districts and the Building Department in the ordinary course of business has granted a per-

mit in accordance with your ordinance.

Mayor Gillen—I would suggest that you take this matter up in conference with Mr. Congleton. I think you will do much better in taking the matter up with him, as there are many legal questions involved.

Commissioner Monahan moved that the matter be referred to the Law Department for a conference between Mr. Litwin and Corporation Counsel Congleton.

The roll being called, the motion was declared adopted by the following votes:

Yeas—Commissioners Archibald, Brennan, Monahan, Raymond, Mayor Gillen.

The following communication was received and read:

COMMISSION ON BUILDING DISTRICTS AND RESTRICTIONS,

City Hall, Newark, N. J.,
March 3, 1921.

The Board of Commissioners
of the City of Newark,
City Hall, Newark, N. J.

Honorable Sirs:

At a meeting of the Commission on Building Districts and Restrictions held this morning the enclosed amendment to the Building Zone Ordinance affecting a change in the restrictions on South Eighth Street and also on Gray Street was approved.

Respectfully yours,

R. B. Rankin,
Secretary.

Ordered filed.

Commissioner Raymond moved that the title of "An Ordinance to amend an ordinance entitled, 'An Ordinance regulating and restricting the location of trades and industries and the location of buildings designed for specified uses, and regulating and limiting the height and bulk of buildings hereafter erected, and regulating and determining the area of yards, courts and other open spaces surrounding buildings, and establishing the boundaries of districts for the said purposes and providing penalties for the violation of its provisions,' adopted December 31, 1919," be taken for its third reading.

The roll being called, the motion was declared adopted by the following votes:

Yeas—Commissioners Archibald, Brennan, Monahan, Raymond, Mayor Gillen.

The clerk then read the title of the ordinance as follows:

An Ordinance to amend an ordinance entitled, "An Ordinance regulating and restricting the location of trades and industries and the location of buildings designed for specified uses, and regulating and limiting the height and bulk of buildings hereafter erected, and regulating and determining the area of yards, courts and other open spaces surrounding buildings, and establishing the boundaries of districts for the said purposes and providing penalties for the violation of its provisions," adopted December 31, 1919.

The ordinance having been read three times was then declared to be upon its third and final passage.

The roll being called, the ordinance was declared adopted by the following votes:

Yeas—Commissioners Archibald, Brennan, Monahan, Raymond, Mayor Gillen.

The following communication was received and read:

The roll being called, the resolution was declared adopted by the following votes:

Yeas — Commissioners Archibald, Brennan, Monahan, Raymond, Mayor Gillen.

RESOLVED, That it is the intention of the Board of Commissioners of the City of Newark, N. J., under and by virtue of the provisions of an Act entitled, "An act concerning municipalities," approved March 27, 1917, (P. L. 1917-319) and the supplements thereto, and amendments thereof, to order and cause the repaving of Fourteenth Avenue from Hayes Street to Hunterdon Street with oblong granite block pavement on a new six (6) inch concrete foundation. The paving brick in the old pavement suitable for repairs to be removed to the City Yard as the property of the City, allowance for value of same to be made by the Assessment Commission in determining cost of the improvement to the property owner.

Paving and repaving of Stockton Street from Wilson Avenue to Delancy Street with new oblong granite block pavement on a six (6) inch concrete foundation, strengthened where necessary with a broken stone sub-base. The old granite block at present laid in the center of the roadway to the Lehigh Valley Freight Yard to become the property of the City and to be hauled by the Contractor to the City Yard.

Repaving of Central Avenue from High Street to Warren Street from a point 9 feet on each side of the center line of the street to the curb lines with new oblong granite block pavement on a new six (6) inch concrete foundation. The present old concrete foundation to become the property of the contractor and allowance for the broken stone capable of salvage to be made in his bid for the new pavement.

Repaving of Central Avenue from Warren Street to the East Orange Line from a point 9 feet on each side of the center line of the street to the curb lines with new oblong granite block pavement on a new six (6) inch concrete foundation. The present old concrete foundation to become the property of the contractor and allowance for the broken stone capable of salvage to be made in his bid for the new pavement.

Repaving of Mechanic Street from approximately 175 feet east of Broad Street to Alling Street with oblong granite block pavement on a new 6-inch concrete foundation.

Repaving of Belleville Avenue from Bloomfield Avenue to Washington Avenue with new oblong granite block pavement on a new six-inch concrete foundation on both sides of the street railway tracks with the exception of one foot on each side of said tracks, the granite blocks in the present pavement to be hauled to the City Yard by the contractor and credit for the value of said old material to be given the property owners by the Assessment Commission.

Repaving of Springfield Avenue from Morris Avenue to the Irvington Line with new oblong granite block pavement on the old concrete foundation built up with new concrete so as to make an average additional thickness of 4 inches, on both sides of the street railway tracks with the exception of one foot outside of said tracks. The old granite blocks in the present pavement to become the property of the City and to be hauled by the contractor to the City Yard, allowance to be made by the Assessment Com-

mission for the value of the old blocks taken by the City.

Repaving of Thirteenth Avenue from Springfield Avenue to Littleton Avenue with napped reclipped granite block pavement on a new six (6) inch concrete foundation. The granite blocks in the present pavement to be napped and reclipped as above indicated.

Repaving of Washington Street from William Street to Central Avenue with oblong granite block pavement on a new six (6) inch concrete foundation on each side of the street railway tracks with the exception of one foot on each side of said tracks. The old blocks in the present pavement to become the property of the City and to be hauled by the contractor to the City Yard. Allowance for the value of said old blocks to be made by the Assessment Commission in making the assessment for this improvement.

Paving and repaving of Silver Street from Stuyvesant Avenue to Sandford Avenue with oblong granite block pavement on a new six (6) inch concrete foundation. The blocks in the old cobble pavement at present on the street to be hauled by the contractor to the City Yard and allowance for the value of said cobbles to be made by the Assessments Commission in making the assessment for this improvement.

Paving of Tyler Street from Malvern Street to South Street with new oblong granite blocks pavement on a new six (6) inch concrete foundation.

Repaving of Clinton Avenue from Jelliff Avenue to the Irvington Line

as follows From Jelliff Avenue to the west side of Chadwick Avenue, the curbs to be moved 4 feet northerly and 4 feet southerly, narrowing the northern and southern sidewalks 4 feet each, and the space acquired in the roadway to be paved with new oblong granite block pavement on an 8-inch concrete foundation. The sidewalks and corner basins to be rebuilt where necessary. From the west side of Chadwick Avenue to the Irvington Line, the curbs to be moved 4 feet northerly and 4 feet southerly, narrowing the northern and southern sidewalks 4 feet each, the street to be repaved on each side of the street railway tracks with the exception of one foot outside of said tracks to the new curb locations with new oblong granite block pavement on a six (6) inch concrete foundation, the stone in the present macadam base to become the property of the contractor and allowance for the same to be made by him in his bid for the new pavement. The sidewalks and corner basins to be rebuilt where necessary.

Repaving of Elm Street from New Jersey Railroad Avenue to Lang Street with new oblong granite block pavement on a six (6) inch concrete foundation, the portion of the street from Union Street to Tyler Street to be paved on each side of the street railway track with the exception of one foot on each side of said track.

With the necessary new curbing or resetting of curb, together with all other appurtenances incidental to the paving or repaving of the above streets, including the laying of concrete sidewalks at street intersections, and elsewhere wherever needed, and the laying or relaying of a sidewalk or sidewalks or such por-

tion or portions of sidewalks as may be disturbed or may become necessary or expedient, or the grade of which may be affected on account of the laying of the pavement, or the setting or resetting of the curb.

Said improvements to be made as local improvements and the cost thereof to be assessed against the property benefited by said improvements in proportion to the benefits received.

In order to avoid the necessity of excavating and tearing up the proposed improved portion of said street, after the making of said improvement, the owner of any and all lands on the line of said proposed improvements are hereby ordered and directed to make the necessary connections with the sewer, gas and water mains to the curb line in said streets for each lot fronting upon said streets within thirty days after the passage of an ordinance providing for said improvement. Upon failure of any such owner to make or cause said connections to be made, the same will be made by the Department of Streets and Public Improvements, in which case the costs and expenses of making said connections will be assessed upon the lands benefited. Each 25 feet of frontage upon said street for the purposes of this improvement shall be considered a lot.

And the Director of the Department of Streets and Public Improvements is hereby directed to give public notice in an authorized daily newspaper printed and published in the City of Newark, of the intention of the Board of Commissioners to order and cause such improvements to be made, and that all persons

whose lands may be affected by such improvements or who may be interested therein will be given an opportunity to be heard concerning the same at a meeting of said Board, to be held in its meeting room, City Hall, on March 24, 1921, at 11 o'clock A. M., at which time and place ordinances for the making of such improvements will be considered.

COMMISSION ON BUILDING DISTRICTS AND RESTRICTIONS,

City Hall, Newark, New Jersey.
March 3, 1921.

The Board of Commissioners
of the City of Newark,
City Hall, Newark, N. J.

Honorable Sirs:—

At a meeting of the Commission on Building Districts and Restrictions held this morning it was regularly moved and seconded that no action be taken on the request of Mahon's Express for a change in the Building Zone Ordinance affecting Ann Street, as the building which they propose to erect does not conflict with the ordinance. Motion passed.

Respectfully yours,

R. B. Rankin,
Secretary.

Ordered received and filed.

LINTOTT, KAHRS & YOUNG,
Counsellors-at-Law,
706-710 National State Bank Bldg.,
Newark, N. J.
February 4, 1921.

Commissioners of the City of Newark,
City Hall, Newark, New Jersey.

Gentlemen:—

The Jaenecke-Ault Co., a corporation of New Jersey, having its principal office and place of business at Avenue B and Miller Street, in the

City of Newark, engaged in the manufacture of inks, litho supplies, dry and pulp colors and other articles used in connection therewith, complains that the E. I. DuPont de Nemours & Co., a corporation of the State of Delaware, owning property adjoining on the south side of the lands and buildings of the Jaenecke-Ault Co., where it operates a factory and plant for the manufacture and preparation of sulphuric and nitric acid, and that in the process of making such sulphuric and nitric acid large quantities of poisonous, offensive, unhealthy, sickening and noxious gases, fumes and vapors are discharged from a smokestack on the premises of the said DuPont Co. plant, descend and settle upon the buildings in the neighborhood, and are injurious to human life and health, causing great discomfort and ill health to those engaged in business in that neighborhood or residing there, and settle like a dense fog upon the buildings and then eat into the metal and woodwork, causing great damage to the leaders, roofs, pipes, signs, windows and doors.

The said fumes, gases, vapors and odors affect the health of those employed in that neighborhood or residing there, and cause irritation of the nostrils, eyes and throat, resulting in severe headache and nausea, loss of sleep and appetite.

This condition of affairs has not only caused great damage and injury to the property owners in the neighborhood, but has also greatly depreciated the value of property.

It is necessary at times, when the atmosphere is heavy and damp, to close the windows and doors, even in warm summer weather, in order to

keep out some of the fumes, vapors, and gases, otherwise conditions would be unbearable, but even the closing of windows and doors does not prevent the same from penetrating to great extent.

The said fumes, gases and vapors descend upon the foliage and other plant life in the neighborhood and destroy the same.

People residing in and near the said premises have been compelled to move away because of the health of their families being affected.

This condition of affairs creates an intolerable nuisance and will result in permanent ruin to the property of said Jaenecke-Ault Co.

We therefore request you to take such action as may be necessary in order that this nuisance be discontinued.

If, after an investigation of this matter, you are not convinced that the situation should be remedied, we ask that you fix a time and place for a public hearing in the matter so that those affected by the nuisance may appear before you and give such testimony as may be necessary to convince you of the existence of the nuisance and the necessity for its discontinuance.

Very truly yours,

Joseph Kahrs,

Attorney of Jaenecke-Ault Co.

Commissioner Archibald moved that the communication be referred to the Director of Public Affairs.

The roll being called, the resolution was declared adopted by the following votes:

PUBLIC WELFARE ASSOCIATION
(Incorporated)

Newark, N. J., March 2, 1921.

To the City Commission,
City Hall, Newark, N. J.

Gentlemen:—

The following resolution was unanimously adopted by the Public Welfare Association of Clinton Hill:

WHEREAS, This Association did petition the City Commission and the City Commission granted said petition to widen Clinton Avenue, from Jeliff Avenue to the Irvington line by cutting off the sidewalk on either side of the street, to the extent of four feet, repaving of said street, and the erection of isles of safety, and the cost of said improvement be and not against the city as a whole and not against the abutting property holders,

AND WHEREAS, We have learned through the public press that the Department having said improvement in charge proposes to start said improvement at Baldwin Avenue, running westward, eliminating all that part of the avenue east from Baldwin Avenue, to the railroad at Jeliff Avenue, therefore, be it

RESOLVED, That we hereby respectfully petition your Honorable Body to make said improvement ac-

cording to the original resolution adopted by you at your meeting in January.

Public Welfare Association,

Oswald R. Routh.

The Board of Commissioners of
the City of Newark, N. J.

W. J. EGAN,
City Clerk.

NEWARK, N. J.

March 10, 1921.

A regular meeting of the Board of Commissioners of the City of Newark, N. J., was held on the above date, in the Council Chamber, City Hall, Newark, at 11 A. M.

Present — Commissioners Archibald, Brennan, Monahan, Raymond, Mayor Gillen.

The minutes of meeting of March 3rd, 1921, were read and approved.

Mayor Gillen—The Board is now prepared to hear any citizens on the market matter.

Dr. William G. Hanrahan, 36A Fulton Street—Mr. Chairman, to open up this question that is on the minds of a great many of our citizens, I want to say a few words on the proposed site of the new market. This question has been before the public for about twenty years. This question as to whether the market should be built on the plaza or shunted east of Mulberry Street has been considered and other sites have been considered, and I hope when the vote is taken by the members of this Board they will vote in accordance with their convictions and in accordance with the desire of the great majority of our people. I have considered this question from different angles, and I think the most proper place is the market plaza that belongs to our people, the inherent right of the common people to keep the market place right where it is on the land that has been dedicated to the City for market purposes. Mr. Mayor and gentlemen of the Commission, that place belongs to the City, and no act

of this Commission or any other body in power in this State should deprive the people of this City of their property by using it for something else than what it was dedicated for. If you go east of Mulberry Street on the proposed new site, it will cost the City to acquire that property \$1,500,000 at least. If you build it on the plaza where it belongs, it can be built without one additional dollar being placed on the rent payers or taxpayers of Newark.

Mr. George W. Lawrence, 33 Summit Street, urged that the market be retained in its present location.

Dr. Charles F. Kraemer, 776 Broad Street, representing the Real Estate Board, stated that the present market was a barrier to the natural development of property in the center of the City and opposed the market on the present site, and thought that the proposed site on the block east of Mulberry Street might interfere with the proposed diamond on the cross project, and suggested two sites for the new market, viz., on the site north of the proposed new Central Avenue, bounded on the west by Mulberry Street, on the south by Cherry Street and on the north by River Street; or on the site bounded on the south by Central Avenue, on the west by Mulberry Street, on the north by the proposed new Central Avenue and on the south by the canal or Boulevard.

Mr. John Enstice, representing the Traffic Club, opposed the erection of the market on the present site, and favored the site suggested by the Chamber of Commerce, stating if the market was built on the present site with automobile parking facilities it would cause great congestion.

Miss Elizabeth Aldridge, of New York, urged that consideration be given to the women of Newark who patronize the market and that it be erected on the present site.

Mr. Henry H. Bergfels, representing the Chamber of Commerce, stated that his Committee had made a very careful study of the market site and that in going over different sites they had concluded to recommend the plot east of Mulberry Street and also stated he had talked to a number of women as to the proposed new site and after it had been explained to them they had agreed that the new site was the proper place for the market.

Mr. Joseph Kanzien, representing the Essex Trades Council, urged that the market be retained on the present market site.

Mr. D. E. Johnson, Jr., Secretary, Marketmen's Association, stated that the marketmen had changed their mind as to the location of the new market and favored the new site east of Mulberry Street, and while they preferred Broad Street frontage they realized that conditions were changing and that it would be better to have the market on the new site east of Mulberry Street.

Mr. Frank A. Petridge, representing the Building Trades Council, stated that his organization reiterated its position in regard to the market location last Wednesday night in the stand they have taken for a great number of years that they can see no reason why a change should be made, and favored the erection of the new market on the present plaza site.

Mr. Frank P. Ford, representing the Chamber of Commerce, reiterated his remarks of two weeks ago with respect to locating the market east of Mulberry Street.

Mr. Bergfels—Dr. Hanrahan has continually made assertions that we are influenced by ulterior motives in this market question. I wish to say we have no motive except to help the Commissioners. It seems to be some of his insinuations are somewhat of a smoke barrage.

Dr. Hanrahan—I am glad to be able to answer this gentleman.

Commissioner Brennan — Mr. Mayor, what is this going to be? Do we have to sit here and listen to this exchange of oratory, or are we to hear arguments on the market?

Dr. Hanrahan—You are here, Mr. Commissioner, to listen to the citizens. I have never made any insinuations against anyone.

Commissioner Brennan—I am not shouting on every street corner charging people with something which cannot be proven by others.

Commissioner Monahan — I was originally in favor of having the market on the present site. I have looked at this matter from many points of view, and finding out in future years the present site would not be large enough in keeping with the growth of the city, I am now convinced that the erection of the market east of Mulberry Street will give the city a much larger place and will satisfy the public or City of Newark better in years to come, especially in a few years to come. If we put the market on the present site it will

only be a matter of a year or so when we will have to enlarge it. I am now in favor of having it on the new site east of Mulberry Street. However, I do not, as I have said before, want to railroad anything through.

Commissioner Monahan moved that an ordinance entitled "An Ordinance authorizing the construction of a new Center Market and Parking Station," be laid over for one week.

The roll being called, the motion was declared adopted by the following votes:

Yeas — Commissioners Archibald, Brennan, Monahan, Raymond, Mayor Gillen.

Mr. William L. Morgan, Prudential Building, representing Mrs. Robert B. Symington, and Mr. Horace C. Grice, Prudential Building, representing Mrs. Elsie P. Sauvage, property owners on Park Place, appeared and objected to the proposed widening of Park Place by taking the property on the north side of the street and suggested that the sidewalk on the park side be taken for this purpose.

Commissioner Raymond moved that an ordinance entitled "An Ordinance to provide for the opening and widening of Park Place from Rector Street to Saybrook Place on the easterly side thereof," be laid over for one week.

The roll being called, the motion was declared adopted by the following votes:

Yeas — Commissioners Archibald, Brennan, Monahan, Raymond, Mayor Gillen.

Mr. Arthur Harris, representing the Stanton Construction & Realty Company, objected to the proposed storm water sewer in the line of Wheeler's Creek.

Mr. Thomas Igoe, representing Igoe Brothers, urged that the Wheeler Creek sewer be constructed, stating that practically all of the sewer would be laid on their property and that they favored it.

Commissioner Archibald moved that the report of the Commissioners of Assessments for Local Improvements assessing benefits for the paving of Doremus Avenue (formerly known as Avenue R) from Lincoln Highway to Port Street be laid over until March 24th.

The roll being called, the motion was declared adopted by the following votes:

Yeas — Commissioners Archibald, Brennan, Monahan, Raymond, Mayor Gillen.

Commissioner Raymond offered the following resolution:

RESOLVED, That the following named persons be and they hereby are appointed temporarily as General Inspectors in the Department of Streets and Public Improvements, at

compensations of \$1,500 per annum each, effective as of March 14th, 1921:

Bureau of Street Regulation

Louis Pfeifer,
Otto W. Carlson,
Charles A. Demmer.

Bureau of Docks

Daniel H. Spaide,
Charles F. Martin,
William Kroeplin.

Thomas L. Raymond,
A. Archibald,
William J. Brennan,
Charles P. Gillen,
John F. Monahan.

The roll being called, the resolution was declared adopted by the following votes:

Yeas—Commissioners Archibald, Brennan, Monahan, Raymond, Mayor Gillen.

Mr. Thomas J. Ficke, 730 South Fifteenth Street, and Mr. John Clark, 697 South Twelfth Street, objected to the amount of the assessment for the repaving of Woodland Avenue.

Assessment Commissioner Dimond stated that 54 per cent. of the assessment was levied against the city at large.

Commissioner Archibald offered the following resolution:

RESOLVED, That the report of the Commissioners of Assessments for Local Improvements of the City of Newark assessing benefits for the

grading, curbing, flagging and paving of Woodland Avenue from South Tenth Street to South Thirteenth Street, which said report is hereto annexed, be and the same is hereby in all things adopted, ratified and confirmed, and the City Clerk is hereby authorized and directed to file a duplicate of said report in the office of the Comptroller of the City of Newark upon its confirmation for collection.

A. Archibald,
Charles P. Gillen,
William J. Brennan,
Thomas L. Raymond,
John F. Monahan.

The roll being called, the resolution was declared adopted by the following votes:

Yeas—Commissioners Archibald, Brennan, Monahan, Raymond, Mayor Gillen.

Commissioner Raymond offered the following ordinance, which was read by the Clerk:

An Ordinance to provide for the construction of a storm water sewer in the line of Wheeler's Creek from the terminus of the present sewer at Poinier Street to the right of way of the Waverly and Passaic Railroad.

The Board of Commissioners of the City of Newark do ordain:

Section 1. That a five-foot by eight-foot (5'x8') reinforced concrete sewer, to be used for storm water only, shall be constructed in the line of Wheeler's Creek from the terminus of the present sewer at Poinier Street to the right of way of the Waverly and Passaic Railroad,

together with all the appurtenances necessary to complete the same, under and by virtue of the provisions of an Act entitled "An Act concerning municipalities," approved March 27, 1917 (P. L. 1917-139), and the supplements thereto, and amendments thereof.

Said improvement to be made as a local improvement and the cost thereof to be assessed against the property benefited by said improvement in proportion to the benefits received.

Section 2. That this ordinance shall take effect immediately and all ordinances or parts of ordinances inconsistent with the provisions of this ordinance be and the same are hereby repealed.

The ordinance having been read once, Commissioner Raymond moved that it be ordered to a second reading.

The roll being called, the motion was declared adopted by the following votes:

Yeas—Commissioners Archibald, Brennan, Monahan, Raymond, Mayor Gillen.

The Clerk then read the ordinance by sections:

Title declared open to amendment.

Section 1 declared open to amendment.

Section 2 declared open to amendment.

The ordinance was declared open to amendment in all its parts.

The ordinance having been read a second time, Commissioner Raymond moved that it be ordered to a third reading.

The roll being called, the motion was declared adopted by the following votes:

Yeas—Commissioners Archibald, Brennan, Monahan, Raymond, Mayor Gillen.

Commissioner Raymond moved that the ordinance be taken up on third and final reading on March 17th, 1921.

The roll being called, the motion was declared adopted by the following votes:

Yeas—Commissioners Archibald, Brennan, Monahan, Raymond, Mayor Gillen.

The following communication was received and read:

Yeas — Commissioners Archibald, Brennan, Monahan, Raymond, Mayor Gillen.

RESOLVED, That it is the intention of the Board of Commissioners of the City of Newark, N. J., under and by virtue of the provisions of an Act entitled "An act concerning municipalities," approved March 27, 1917 (P. L. 1917-319), and the supplements thereto and amendments thereof to order and cause the repaving of Ferry Street from the intersection of Wilson Avenue and Merchant Street to Lentz Avenue with oblong granite block pavement on an eight (8) inch concrete foundation, on both sides of the street railway tracks with the exception of one (1) foot on each side of said tracks, the old granite blocks in the present pavement to become the property of the city and hauled by the contractor to the City Yard. Allowance for the value of the old granite blocks taken by the city to be made by the Assessment Commission in determining the amount of assessment to be levied on the property owners, with the necessary new curbing or resetting of curb, together with all other appurtenances incidental to the repaving of the street, including the laying of concrete sidewalks at street intersections and elsewhere wherever needed, and the laying or relaying of a sidewalk or sidewalks or such portion or portions of sidewalks as may be disturbed, or may become necessary or expedient, or the grade of which may be affected on account of the laying of the pavement, or the setting or resetting of the curb.

Said improvement to be made as a local improvement and the cost thereof to be assessed against the property benefited by said improvement in proportion to the benefits received.

In order to avoid the necessity of excavating and tearing up the proposed improved portion of said street, after the making of said improvement, the owner of any and all lands on the line of said proposed improvement are hereby ordered and directed to make the necessary connections with the sewer, gas and water mains to the curb line in said street for each lot fronting upon said street within thirty days after the passage of an ordinance providing for said improvement. Upon failure of any such owner to make or cause said connections to be made, the same will be made by the Department of Streets and Public Improvements, in which case the costs and expenses of making said connections will be assessed against the lands benefitted. Each 25 feet of frontage upon said street for the purposes of this improvement shall be considered a lot.

And the Director of the Department of Streets and Public Improvements is hereby directed to give public notice in an authorized daily newspaper, printed and published in the City of Newark, of the intention of the Board of Commissioners to order and cause such improvements to be made, and that all persons whose lands may be affected by such improvements or who may be interested therein will be given an opportunity to be heard concerning the same at a meeting of said Board, to be held in its meeting room, City

Hall, on March 31, 1921, at 11 o'clock A. M., at which time and place ordinances for the making of such improvements will be considered.

WHEREAS, In accordance with the provisions of Chapter 115 of the State Laws of 1919 an estimate was submitted to the Board of Commissioners of the City of Newark by the Engineer in charge of the Bureau of Sewers, showing the probable cost of constructing a sewer in Wheeler Point Road from Ferdon Street to Delancy Street to be \$800.00, said probable cost being based on the best information obtainable as to the probable cost of such sewer;

AND WHEREAS, the Board of Commissioners signified its intention by a resolution to construct such a sewer in Wheeler Point Road from Ferdon Street to Delancy Street at a meeting of said Board, held on February 17, 1921:

AND WHEREAS, A copy of such resolution, together with a notice stating that objections to the making of said improvement would be heard by the Director of the Department of Streets and Public Improvements on

March 8th, 1921, at 10 o'clock A. M., was mailed or caused to be mailed by the said Engineer to the last known address of the last owner of record, as shown by the tax maps of such city, of the property abutting on the portion of the street or highway through which such sewer is proposed to be constructed;

AND WHEREAS, A copy of such resolution and notice was posted conspicuously in the City Hall at least five days prior to the introduction of this resolution, setting forth the final decision of said Board to cause the construction of said sewer;

AND WHEREAS, At least two weeks have elapsed since the passage of the first resolution to which this resolution refers;

THEREFORE BE IT RESOLVED, That this Board hereby signifies its final decision to construct a sewer in Wheeler Point Road from Ferdon Street to Delancy Street and the construction of such sewer to be done by day labor under the direct supervision of the Department of Streets and Public Improvements.

The following communications were received and read:

AARON WARD & SONS,
951 & 953 Broad Street,

Newark, N. J., March 10, 1921.

To the Commission on
Building Districts & Restrictions.

Gentlemen:

The petition of the Ward Investment Company respectfully shows:

That said Ward Investment Company is the owner of premises No. 1-11 Stratford Place, on the northwest corner of Clinton Avenue, having a frontage of 312 feet on Clinton Avenue, known as Lot 12, Block 2667; that said property is adaptable for business purposes and that the block adjoining on the east side is within the zone permitting the erection of buildings for business purposes thereon;

That the development in that section indicates that in the near future the property will be much more available for business purposes than for residential purposes.

Your petitioners therefore pray that your Honorable Body will rescind the ordinance or that part thereof which includes the properties of your petitioners in the residential section of said zone and will open the same for business purposes, thus extending the zone in which business buildings will be erected on the north side of Clinton Avenue from Stratford Place west to Hillside Avenue.

Ward Investment Company,

Edward T. Ward, President.

Commissioner Brennan moved that the communication be referred to the Zoning Commission.

The roll being called, the motion was declared adopted by the following votes:

Yeas—Commissioners Archibald, Brennan, Monahan, Raymond, Mayor Gillen.

The Board of Commissioners of
the City of Newark, N. J.

Honorable Sirs:

We, the undersigned, being property owners on Ridge Street and vicinity, between Bloomfield and Second Avenues, feel that the restrictions placed on this district by the Zoning Ordinance do not give sufficient protection. This section is built up with two-family detached houses which maintain a uniform setback line. According to the Zoning Ordinance apartment houses fifty feet in height and occupying seventy per cent. of the lot area could be built out to the street line.

We therefore respectfully petition your Honorable Body to change this section from a "50-foot" Height District to a "35-foot" Height District, and from a "B" Area District to a "D" Area District.

Respectfully submitted,

Signed by 55 property owners.

That the plots of land bounded on the north by South Canal Street; on the east by River Street and Railroad Place; on the south by Commerce Street, and on the west by Mulberry Street, shall be acquired by the City of Newark, either by purchase or condemnation, for the purpose of market facilities and the erection thereon of market buildings and a public parking station.

Section 2 That a new Centre Market building with a parking station provided for on the second floor of said building to be erected upon a part of the lands described in Section 1 of this ordinance be and the same is hereby authorized.

Section 3. That a farmers' market to be established upon a part of the land described in Section 1 of this ordinance be and the same is hereby authorized.

Section 4. That the total cost for acquiring the lands above described and for the erection thereon of the buildings herein provided for and the establishment of the farmers' market shall not exceed the sum of \$3,000,000.00 and that the sum of \$637,135.35, now in hand in the City Treasury, being the balance of the proceeds of a bond issue heretofore authorized for the erection of a new Centre Market, be and the same is hereby appropriated for the uses and purposes herein authorized and the balance of the said sum of \$2,362,864.65 is hereby appropriated for the purposes herein specified and shall be raised by a bond issue.

Section 5. This ordinance shall take effect immediately.

Mayor Gillen—Is there any citizen desiring to be heard on this market matter?

Dr. William G. Hanrahan, 36A Fulton Street—I represent three different civic organizations. I want to read something I have prepared that is of vital importance to our people, and I hope it will be adopted by you Commissioners.

Dr. Hanrahan then read the following resolution:

To City Commission, Newark, N. J.

WHEREAS, There is a difference of opinion as to the location of site of new Centre Market Building, sentiment being divided largely between two locations, one the Market Plaza on the west side of Mulberry Street, Commerce Street and the Canal, the words Market Plaza to be printed with first location, and the other being on east side of Mulberry Street, Commerce Street, South Canal Street and Railroad Place; therefore be it

RESOLVED, That the choice of these two locations is left to our people through a referendum vote next May election and equally prominent position given on ballot to each site for the choice of the voter, with request for the new market to be built thereon forthwith.

Respectfully submitted,

WILLIAM G. HANRAHAN,

President, Federation of Improvement Associations.

President, Rent Payers' Association.
President, Central Business Men's Association.

March 17, 1921.

Mr. Mayor and Gentlemen—I hope you will take this into favorable consideration and act on it, and give the people of the City of Newark an opportunity of expressing on the ballot the site which they think is most appropriate.

Commissioner Raymond—Do you want to submit the question of

whether there shall be a market? I would like to submit the question of whether they want a market built now.

Dr. Hanrahan—Just as to location.

Commissioner Monahan—Do you realize that the old market site is too small? I like the old site very well, in fact, better than the new site, but it is not big enough. You would not have room enough for a Farmers' Market, and on this new site you will have everything, including railroad facilities.

Commissioner Raymond—I would like to put a thing like this up to the people, the whole thing of whether they want to spend a million and a half dollars on a market and where they want it. I think on account of the big difference of opinion in the city, it would relieve everybody of a great deal of responsibility which we should not take, but should leave it to the people.

Mr. Henry Hebel, representing the Building Trades Council—This market question has been hanging fire for years. Three or four years ago an injunction was gotten against the market and \$25,000 was spent digging a hole and another \$25,000 spent to fill it up again. This property belongs to the City and the working people and common people want the market where it is today.

Mr. Herbert Boggs, representing the Chamber of Commerce—The ordinance as introduced provides for building the market on the site east of Mulberry Street. Now the proposition comes up to submit the whole to a referendum vote as to whether

the market shall be built on the new or old site. It seems to me that the gentleman who spoke so strongly in favor of this site had forgotten one thing, and that is, that we have to look to the future as well as the present; that the present site does not offer room for expansion and enlargement as the City grows as the other site does, and further than that, that the present site, if sold eventually, will bring in almost enough to pay for the new market, so the City would be put to very little expense for the new market and the revenues coming in will be so much more for the use of the City. Independent of that the question of whether a matter of this kind should be submitted to the people is a matter for very careful consideration. This is a question of administration, of policy, of what is best, and I think a Commission like this can better decide a matter like that than a vote at the polls, where it is very difficult to make all people understand the question at issue and where at a general election there are a number of other matters, and where, the chances are, the bulk or great masses of people who come to the polls and vote on other matters may not vote upon this question. If there is to be action at all on this matter, it seems to me there should be no question but what the proposed site is the best one, taking into view the fact that it is just as much benefit to the common people, and I hope I am one of them, to have this market on the new site. The marketmen themselves are certainly more interested in the matter and more interested in having the market used than any other class of people. The very fact that the stand-holders agree that the users of the market will come and use the market on the new site is the best pos-

sible evidence that that is the best site, otherwise they would be utterly opposed to changing. On this site we have not only room for building the new market, but we have room for a Farmers' Market and the development of a wholesale market with storage and railroad facilities.

Mr. Herman Mendel, 372 High Street—The citizens at large, I believe, are not interested so much if the market is this way or the other way. They want a sanitary market. The plot you have now where the Farmers' Market is seems to me plenty big enough for the next twenty-five years. The question is What are you going to do with the farmers? Are you justified in spending three million dollars for the farmers? My opinion is you would not be justified in spending three million for a farmers' market. The proper place for the market is where it is now. You have enough room for twenty-five years to come.

Mr. Edward Reid, representing the Essex Trades Council—The organization which I represent takes the same position as formerly against any removal of the present market site. There would be no guarantee that conditions will be any better in the proposed new site than the old site. Mulberry Street is in a very congested district and if you divert traffic from Broad Street to Mulberry Street there is no doubt but what conditions will be worse than at the present time. It seems to me personally this proposition should be left until the abandonment of the canal. We have no assurance as to who will acquire that canal site. We believe it is unnecessary at this time to put the City of Newark to the expense of finding new title to new

property. The Essex Trades Council do not want to stand in the way of any improvement that may be for the best interest but we do object to the removal of the old market from the present site to the new site.

Mayor Gillen—The ordinance is now before us. This is a question of great interest. My mind was open on it from the beginning. We have listened to arguments pro and con and I have given considerable thought to it, because it involves a large expenditure of money and because it will effect more or less the future planning of the City. Some years ago when the question was brought up for the erection of a new market on the present plaza I objected to it then, because I felt that the territory between Broad and Mulberry Street should be reserved for high-class office buildings, banks and business of that character, insurance companies, etc. That seemed to be the natural development that that property should be put to. I have never changed my mind. There is a bill pending in the Legislature to abandon the canal and there is no doubt but what the canal will be abandoned some time in the near future and the use of the canal the sub-surface and surface, will also have a great bearing on the future development of the City. The proper use of the bed of the canal would be a high speed line and the top surface could be developed as a Boulevard for automobiles and vehicles of all kinds except trolleys. That would improve that whole section and the general opinion of those interested in city planning is that the market should be removed to some adjacent place not too far away. In view of that, I feel I should vote against the ordinance, because I

think we should wait until the canal abandonment is settled. I think the present market, as bad as it is, could be fixed up in some manner to meet the sanitary requirements and hold us until the canal is abandoned. Another proposition is, this whole Commission is going out of office and maybe not one of us will be re-elected. Just on the eve of our departure we commit the City to an expenditure of three or three and a half million dollars. I do not offer any objection to the plan, because Commissioner Monahan has given a great deal of time and study to it, and I know he is very much interested in a new market with parking facilities and on that account I do not like to vote against it. On the other hand, I feel at this late date this Commission should not vote for this great expenditure of money. I think it should be left to the new Commission and then left until some definite plan is decided upon on this canal.

Commissioner Brennan — For years I have been a strong advocate for the erection of an up-to-date market on the present site, in other words, on the Farmers' site. I was practically wedded to it. I might say three or four weeks ago, when Commissioner Monahan introduced his resolution for the erection of a new market on that site I willingly signed it. After the new proposition to build the market east of Mulberry Street was presented after looking the proposition over as submitted by rough sketches of the architects, I might say it somewhat caused me to change my views as to the erection of a new market. Having had to deal with the traffic situation in the City for the past three years and realizing the congestion now existing

on Broad Street, especially in the vicinity of the market, and further realizing the added congestion which will naturally result through the erection thereon of a modern market with parking facilities, although it is sadly needed, I might say I personally became convinced that the new site, with its possibilities of expansion, the possibilities of an adjacent Farmers' Market, which in a measure is essential to the shopping public as is the retail market, caused me to change my views considerably upon the proposition. However, if it is possible, there being such a difference of opinion, to have the question submitted to a referendum, although that is procrastination, in a way, I would be in favor of submitting the matter to the people. That will, of course, mean the delaying of operations for possibly six months at the very least, and if there was ever a time when the City, in my estimation, should engage in improvements that is going to give work to the unemployed of the City, now is the time they should engage in it. We are appealing daily to manufacturers to assist us in relieving the unparalleled economic conditions now existing, but owing to the difference of opinion as to the site, I am willing to have the question submitted to a referendum, and I want to say I am going to urge all that I can the adoption of the site east of Mulberry Street. I realize the necessity of a modern market, but at the same time I appreciate the opinions of our citizens as expressed relative to the site on which the market should be erected.

Commissioner Monahan moved that the matter be laid over for one week.

The roll being called, the motion was declared adopted by the following votes:

Yeas—Commissioners Archibald, Brennan, Monahan, Raymond, Mayor Gillen.

Mr. William L. Morgan, Prudential Building, representing Mrs. Robert B. Symington, urged that the sidewalk on the park side be taken for the widening of Park Place instead of the property on the north side.

Commissioner Raymond moved that an ordinance entitled "An Ordinance to provide for the opening and widening of Park Place from Rector Street to Saybrook Place on the east-erly side thereof," be laid over for two weeks.

The roll being called, the motion was declared adopted by the following votes:

Yeas — Commissioners Archibald, Brennan, Monahan, Raymond, Mayor Gillen.

Commissioner Raymond presented the following report of his engineers relative to the Wilson Avenue paving assessments:

Department of Streets and Public Improvements,
City Hall.

Newark, N. J., March 14th, 1921.

Hon. Thomas L. Raymond
Director, Dept. of Streets and Public Improvements,
Newark, N. J.

Assessments for benefits Lower Wilson Avenue paving.

Dear Director Raymond:—

We have examined into the question of the assessments for benefits to Wilson Avenue property between Newark Bay and Avenue L.

At a hearing conducted by Mr. Van Dyne, representing Commissioner Raymond, on March 1st, 1921, protests were made by the following property owners or their representatives:

Mr. Doyle of the Rockwell Co.
Mr. Fox of the Radel Leather Co.
Mr. Smith of the Feigenspan Corp.
Mr. Katz of the Rubberset Co.
Mr. Mahaney of A. Gross Co.

Representative of the Balback Smelting and Refining Co.,

all of whom were members of the Ironbound Improvement Association. They based their protest against the benefit assessments on the following claims:

1—That the pavement was laid prematurely so far as property development in that section of the city was concerned; that it was put down as a war emergency measure so as to make it possible for the large war material industries—most of which were out of the area of the benefit assessment of this improvement—to function, it being deemed necessary that adequate means of heavy truck transportation over Wilson Avenue be given;

2—That had it not been for the war emergency argument they would have objected very strongly to the expenditure of money for paving this

avenue inasmuch as the temporary pavement, repaired annually, or oftener, by the City of Newark between Hyatt Avenue, or what was then Ball's Lane, and Avenue L was generally sufficient for their needs;

3—That the section of Wilson Avenue which extends from Doremus Avenue to the Newark Bay was never used for any purpose and has little, if any, use today;

4—That at the time the question of paving Wilson Avenue was brought up they were assured, not only that it was a war emergency, the cost of which would be paid for as were the costs of other war measures, but that a granite block pavement over sand was in the nature of a temporary pavement and an assessment for benefits could not be levied against the property owners until such time as the meadow fill had settled and the temporary pavement replaced by a permanent pavement. Considerable stress was laid upon the statement, claimed to have been made prior to the time that the granite block was laid, that it was not to be considered as a permanent pavement and several of the objectors stated that they would have been willing to pay the assessment for benefits if this pavement had been permanent;

5—That since this work was done as a war emergency measure and since it was carried on as such it cannot legally come up for assessment for benefits on surrounding property.

We have inspected and examined the Wilson Avenue pavement and have found the same to be in excellent condition, aside from a few irregularities and depressions due to

settlement. In our judgment this pavement should not be considered as a temporary pavement, but as a permanent one. The cost of bringing it back to grade at such times as settlements occur is slight and this roadway can be used at all seasons of the year by vehicles of any description and without damage to them under normal rates of speed, whereas Wilson Avenue without this pavement would be inaccessible to traffic during the fall and spring months and during times of heavy rain.

We recommend that the matter of this assessment be referred back to the Commissioners of Assessments for Local Improvements and the question as to their legal right to make the assessment, if the improvement was made as an emergency war measure, be decided. If the legality of the assessment is proven we recommend that a hearing be given by said Board to the objectors at which to further state their reasons for objecting to the amount of the assessment, and an effort made to come to a conclusion as to an amount that will be satisfactory both to the objectors and to the City of Newark.

Very truly yours,

Harrison R. Van Duyne,
James W. Costello,
William A. Howell.

Commissioner Raymond moved that the two reports of the Board of Commissioners of Assessments for Local Improvements, assessing benefits for the paving of Wilson Avenue from the westerly line of Avenue L to a point about 600 feet south of Ball's Lane, and the paving of Wil-

son Avenue from about 600 feet south of Hyatt Avenue to Newark Bay, together with the report submitted by the engineers, be referred back to the Board of Assessment Commissioners for Local Improvements for recommendation.

The roll being called, the motion was declared adopted by the following votes:

Yeas — Commissioners Archibald, Brennan, Monahan, Raymond, Mayor Gillen.

Commissioner Raymond moved that the title of "An Ordinance to provide for the construction of a storm water sewer in the line of Wheeler's Creek from the terminus of the present sewer at Poinier Street to the right of way of the Waverly and Passaic Railroad," be taken for its third reading.

The roll being called, the motion was declared adopted by the following votes:

Yeas — Commissioners Archibald, Brennan, Monahan, Raymond, Mayor Gillen.

The Clerk then read the title of the ordinance, as follows:

"An Ordinance to provide for the construction of a storm water sewer in the line of Wheeler's Creek from the terminus of the present sewer at Poinier Street to the right of way of the Waverly and Passaic Railroad."

The ordinance having been read three times, was then declared to be upon its third and final passage.

The roll being called, the ordinance was declared adopted by the following votes:

Yeas — Commissioners Archibald, Brennan, Monahan, Raymond, Mayor Gillen.

Commissioner Raymond moved that the title of "An Ordinance to provide for the vacation of Hecker Street from the northerly line of Central Avenue to the Morris Canal," be taken for its third reading.

The roll being called, the motion was declared adopted by the following votes:

Yeas — Commissioners Archibald, Brennan, Monahan, Raymond, Mayor Gillen.

The Clerk then read the title of the ordinance, as follows:

"An Ordinance to provide for the vacation of Hecker Street from the northerly line of Central Avenue to the Morris Canal."

The roll being called, the ordinance was declared adopted by the following votes:

Yeas — Commissioners Archibald, Brennan, Monahan, Raymond, Mayor Gillen.

Commissioner Archibald—I would like to bring up the matter of daylight saving. The City of New York has adopted a daylight saving ordinance running for five months, start-

ing the last Sunday in April and ending the first Sunday in September. I understand Jersey City, Bayonne and other Hudson County cities are going to adopt a similar ordinance and I feel that Newark should do likewise. I expect to introduce such an ordinance at the next meeting.

Mr. E. W. Wollmuth, Secretary, Chamber of Commerce, urged the adoption of a daylight saving ordinance.

Mayor Gillen offered the following resolutions:

RESOLVED, That the sum of Eighteen Thousand, Five Hundred Ninety-three Dollars and Fifty-eight Cents (\$18,593.58) be and the same is hereby appropriated to the persons named on annexed certified list, being the bills and claims of the Department of Public Affairs, as follows:

Newark, N. J., March 16, 1921.

Subject: Re sale of City Lands—
Campbell, Mancinelli.

The Board of Commissioners of
The City of Newark.
Addressed.

Gentlemen:—

In pursuance of a resolution passed by the Board of Commissioners on February 17, 1921, I advertised for sale on Wednesday, March 16, 1921, certain lands in the City of Newark, Essex County, New Jersey, more particularly described as follows:

FIRST TRACT: BEGINNING at a point in the westerly line of Summer Avenue distant 330 feet northerly from Frederick T. Frelinghuysen's corner, which point is also in the northerly line of lot No. 44 on the map of property of Israel Crane; thence running westerly along said northerly line 96 feet, 5 ½ inches, to the rear line of said lot; thence northerly along the rear line of lot No. 45 on aforesaid map 10/100ths of a foot to the southerly line of Park Avenue; thence easterly along the southerly line of Park Avenue 96 feet, 5 ½ inches, to the westerly line of Summer Avenue; thence southerly along the westerly line of Summer Avenue 75/100ths of a foot to the place of BEGINNING.

SECOND TRACT: BEGINNING at the northwesterly corner of Sixth Avenue and Stone Street; thence running northwesterly along the northerly line of Sixth Avenue 12 feet, 2 inches, to the line of land of Sarah

D. Clark, thence southeasterly along her line 12 feet, 2 inches, to the westerly line of Stone Street; thence southwesterly along the same 3 feet, 7 inches, to the place of BEGINNING.

The highest bidder for Tract No. 1 was Anna E. Campbell, at the price of \$50.

The highest bidder for Tract No. 2 was Domenico Mancinelli and Mechelina Mancinelli, his wife, at the price of \$50.

I accordingly struck off said property to the respective purchasers thereof, in accordance with said bids, said respective sums being the highest and best price which I could receive.

Yours very truly,

John F. Monahan,

Director of the Department of Parks and Public Property.

Ordered filed.

Commissioner Monahan offered the following resolutions:

WHEREAS, By resolution adopted by this Board on February 17, 1921, the Director of the Department of Parks and Public Property of the City of Newark was authorized to sell at public sale, to the highest bidder, certain lands and premises in the City of Newark, Essex County, New Jersey, described as follows:

FIRST TRACT: BEGINNING at a point in the westerly line of Summer Avenue distant 330 feet northerly from Frederick T. Frelinghuy-

sen's corner, which point is also in the northerly line of lot No. 44 on the map of property of Israel Crane; thence running westerly along said northerly line 96 feet, 5 ½ inches, to the rear line of said lot; thence northerly along the rear line of lot No. 45 on aforesaid map 10/100ths of a foot to the southerly line of Park Avenue; thence easterly along the southerly line of Park Avenue 96 feet, 5 ½ inches, to the westerly line of Summer Avenue; thence southerly along the westerly line of Summer Avenue 75/100ths of a foot to the place of BEGINNING.

SECOND TRACT: BEGINNING at the northwesterly corner of Sixth Avenue and Stone Street; thence running northwesterly along the northerly line of Sixth Avenue 12 feet, 2 inches, to the line of land of Sarah D. Clark; thence southeasterly along her line 12 feet, 2 inches, to the westerly line of Stone Street; thence southwesterly along the same 3 feet, 7 inches, to the place of BEGINNING.

and,

WHEREAS, In accordance with said resolution the Director of the Department of Parks and Public Property did expose at public sale the interest of said the City of Newark in said lands, and did receive therefor bids as follows:

For tract No. 1, \$50, such bid being made by Anna E. Campbell.

For tract No. 2, \$50, such bid being made by Domenico Mancinelli and Mechelina Mancinelli, his wife, and did accept such respective bids;

THEREFORE BE IT RESOLVED, By the Board of Commissioners of the City of Newark, that the action of the Director of the Department of Parks and Public Property in accepting the aforesaid bids be and the same is hereby ratified and confirmed; and the Mayor and the City Clerk of said the City of Newark are hereby authorized and directed to execute bargain and sale deeds, with covenant against grantor's acts to the respective purchasers of said lands owned by said the City of Newark.

WHEREAS, The contract for Delancy Street grading from Avenue I to Avenue J, awarded to Alexander J. Milmo, December 23, 1920, called for 2,230 cubic yards of excavation at 85c per cubic yard, amounting to \$1,895.50;

AND WHEREAS, The above figures included excavation only to the official curb grade, which is 12 inches too high to admit of constructing a macadam roadway on the street as planned by the Bureau of Paving, from waste material to be utilized at the City Yard, the additional grading required representing a yardage of 861 cubic yards;

AND WHEREAS, The bid quantities were still further increased by taking off a triangular section at the Avenue I end of Delancy Street, amounting to 220 cubic yards, making a better approach from the east for traffic passing over Delancy Street;

AND WHEREAS, Making better grade connections with the main dump east of Avenue J, together with the two above mentioned items, has already increased the total excavation yardage to 3,780 cubic yards, with an estimated total yardage of 3,900 cubic yards at the completion of the work;

THEREFORE BE IT RESOLVED, That the Department of Streets and

Public Improvements be and it is duly authorized to increase the original quantities of excavation as above set forth.

John F. Monahan.

The roll being called, the resolution was declared adopted by the following votes:

Yeas — Commissioners Archibald, Brennan, Monahan, Raymond, Mayor Gillen.

RESOLVED, That it is the intention of the Board of Commissioners of the City of Newark, N. J., under and by virtue of the provisions of an act entitled, "An Act concerning Municipalities," approved March 27, 1917 (P. L. 1917-319), and the supplements thereto and amendments thereof, to order and cause the paving of Grummon Avenue from Elizabeth Avenue to Bergen Street with concrete pavement, the roadway between curbs to be 33 feet.

Resurfacing of South Thirteenth Street from Clinton Avenue to Madison Avenue with asphalt resurfacing (2-inch top surface, 1½-inch binder) on the old telford pavement properly repaired and scarified and the brick gutter paving to be repaired where needed. The city asphalt repair plant to be authorized to bid on the street.

Repaving of Fulton Street from Broad Street to Ogden Street (formerly Front Street) with asphalt re-

surfacing (2-inch asphalt top surface, 1½-inch binder) on the old concrete foundation properly repaired.

Repaving of Railroad Place, west of the "Pennsylvania Railroad, from Market Street to South Canal Street with new oblong granite block pavement on the old concrete foundation properly repaired and built up with new concrete so as to obtain an additional thickness of 3 inches of new concrete.

Resurfacing of Lombardy Street from Broad Street to Ogden Street (formerly Front Street) with asphalt resurfacing (1-inch asphalt top surface, 1-inch binder) on the old granite block pavement properly relaid.

With the necessary new curbing or resetting of curb, together with all other appurtenances incidental to the paving or repaving of the above streets, including the laying of concrete sidewalks at street intersections, and elsewhere wherever needed, and the laying or relaying of a sidewalk or sidewalks or such portion or portions of sidewalks as may be disturbed, or may become necessary or expedient, or the grade of which may be affected on account of the laying of the pavement, or the setting or resetting of the curb.

Said improvements to be made as local improvements and the cost thereof to be assessed against the property benefited by said improvement in proportion to the benefits received.

In order to avoid the necessity of excavating and tearing up the improved portion of said street, after

the making of said improvement, the owner of any and all lands on the line of said improvements are hereby ordered and directed to make the necessary connections with the sewer, gas and water mains to the curb line in said street for each lot fronting upon said street within thirty days of an ordinance providing for such improvement. Upon failure of any such owner to make or cause said connections to be made, the same will be made by the Department of Streets and Public Improvements, in which case the costs and expenses of making said connections will be assessed upon the lands benefited. Each 25 feet of frontage upon said streets for the purposes of this improvement shall be considered a lot.

And the Director of the Department of Streets and Public Improvements is hereby directed to give public notice in an authorized daily newspaper, printed and published in the City of Newark, of the intention of the Board of Commissioners to order and cause such improvements to be made, and that all persons whose lands may be affected by such improvements or who may be interested therein will be given an opportunity to be heard concerning the same at a meeting of said Board, to be held in its meeting room, City Hall, on April 7th, 1921, at 11 o'clock A. M., at which time and place ordinances for the making of such improvements will be considered.

March 12, 1921.

To the Honorable Members of
The City Commission of
Newark, New Jersey.

Gentlemen:—

In behalf of myself and family, I wish to sincerely thank you for the beautiful set of resolutions you so kindly sent me.

The sentiments expressed therein were highly appreciated and valued by us all.

Respectfully yours,

(Mrs. Henry M.) Phebe G. Doremus.

Newark, N. J., March 9, 1921.

To the Board of Commissioners of
The City of Newark.

Gentlemen:—

I have this day forwarded \$1,250,-000 Port Newark Improvement Bonds, and \$2,000,000 Water Bonds, to Messrs. Barr & Schmeltzer, New York City, and received a check on the Chase National Bank, of New York City, for \$3,192,279.53 balance, which I deposited today.

A check was paid in this Department on February 24th amounting to \$62,380, representing 2 per cent. of the whole issue.

Yours very truly,

A. Archibald,

Director of Revenue and Finance.

Ordered filed.

207 Dickerson Street,

Newark, N. J., March 10th, 1921.

To the Board of Commissioners,
City of Newark, N. J.,
City Hall, Newark, N. J.

Gentlemen:

I desire, as owner of the property at No. 207 Dickerson Street, between North Seventh and Warren Street,

Newark, N. J., to protest against the repaving of Dickerson Street, particularly the block as indicated at this time, or while the prevailing high prices of material and labor continue at their present high mark. The traffic over this street at this point are principally automobiles, and the brick pavement is not apparently in condition demanding repaving for a time at least, and it is desirable to minimize the expense of maintaining property under the existing high tax rate, and make unnecessary in so far as possible the levying of additional burdens on property owners until finances are easier and the reconstructive processes have had an opportunity to "work in" advantageously.

It is quite impossible at the present time to sell property occupied by the owner in view of the extreme difficulty of purchasing other more desirable property in more desirable locations at any consistent or reasonable price, and this should operate to induce your Board to "leave well enough alone" where it may be done without damage or injury to others generally.

Yours truly,

E. C. McCausland.

Commissioner Archibald moved that the communication be referred to the Department of Streets and Public Improvements.

March 23, 1921.

A special meeting of the Board of Commissioners of the City of Newark, N. J., was held on the above date, in the Council Chamber, City Hall, Newark, at 12 o'clock noon.

Present: Commissioners Archibald, Brennan, Mayor Gillen.

Mayor Gillen: I talked over with Commissioner Raymond's Department this morning, the question of calling a meeting to discuss the ten-cent trolley fare, in view of the fact that the new Utility Board was now functioning and what action Newark might take, and it seems to me that if there is any action this Board could take before the Utility Com-

Newark, N. J., to protest against the repaving of Dickerson Street, particularly the block as indicated at this time, or while the prevailing high prices of material and labor continue at their present high mark. The traffic over this street at this point are principally automobiles, and the brick pavement is not apparently in condition demanding repaving for a time at least, and it is desirable to minimize the expense of maintaining property under the existing high tax rate, and make unnecessary in so far as possible the levying of additional burdens on property owners until finances are easier and the reconstructive processes have had an opportunity to "work in" advantageously.

NEWARK, N. J.

March 23, 1921.

A special meeting of the Board of Commissioners of the City of Newark, N. J., was held on the above date, in the Council Chamber, City Hall, Newark, at 12 o'clock noon.

Present: Commissioners Archibald, Brennan, Mayor Gillen.

Mayor Gillen: I talked over with Commissioner Raymond's Department this morning, the question of calling a meeting to discuss the ten-cent trolley fare, in view of the fact that the new Utility Board was now functioning and what action Newark might take, and it seems to me that if there is any action this Board could take before the Utility Com-

mission, it should do so, that is, the question of preventing the increase in trolley rates going into effect on April 1st. This Board is on record as against it. The League of Municipalities is on record as against it. It now seems to me that it is a legal question and it would be well to have Mr. Congleton tell us what we should do and how to proceed.

Commissioner Archibald: Isn't there a bill postponing action for three months?

Corporation Counsel Congleton: The only thing that I can suggest is that you reiterate the stand that you have heretofore taken. I will appear before the Commission, if you desire, and urge them to do everything in their power to postpone the ten-cent fare going into effect. The law as I understand it on power of suspension will expire on April 1st, and there are certain things which I think this Board can do to prevent it going into effect.

Mayor Gillen: The Board can refuse the application.

Corporation Counsel Congleton: The Utility Commission must be satisfied that the rate asked for is a reasonable rate. It isn't possible for the Public Service Railway Company to put in their side of the case—when April 1st comes if the Public Utility Commission is not satisfied that the rate is fair, I think it would be within their power to so announce, and say that they would not grant the increase.

Mayor Gillen: Then under these circumstances, I think it would be well to have Mr. Congleton appear before the Commission.

Corporation Counsel Congleton: I was in Trenton yesterday when the new Commission organized and they took up this matter and said it would be an impossibility to hear this application between now and the 1st of April, and that they would put it up to the Public Service Railway Company, and that the new rates ought not to go into effect April 1st. The Railway Company in Trenton could have put their ten-cent fare in effect the latter part of February, but they have not done so. Their three months' period expired the latter part of February and they are still paying a seven-cent fare.

Mayor Gillen: I think that if you would appear there and notify the other municipalities to have some representatives present, that would have a good effect.

Commissioner Brennan moved that Corporation Counsel Congleton be requested to appear before the Public Utility Commissioners and convey to them the attitude of this Commission on the question of a ten-cent trolley fare.

March 24, 1921.

A regular meeting of the Board of
Commissioners of the City of Newark,
N. J., was held on the above date,
in the Council Chamber, City Hall,
Newark, at 11 A. M.

Present — Commissioners Archi-
bald, Brennan, Monahan, Raymond.
Mayor Gillen.

The minutes of regular meeting of
March 17th and special meeting of
March 23rd, 1921, were read and
approved.

Mayor Gillen—The Board is now
prepared to hear citizens regarding
the ordinances for the paving of vari-
ous streets. Commissioner Raymond
has already decided to drop some of
the streets on the program, and he
will announce those and we will then
hear objections to the others.

Commissioner Raymond — Mr.
Mayor, gentlemen of the Commission
and fellow-citizens, I would like to
make a word of explanation before
the hearing begins so that we may

know where we are at. The engi-
neers of my Department, as is usual
in the spring of each year, made a
thorough inspection of streets in the
city, and as a result of that inspec-
tion they recommended the repav-
ing and repairing of certain streets.
They put forth what may be called
an ideal program, an ideal program
for improving the condition of the
streets in our city. You had notice
of that in the Notice of Intention.
The minds of the Commission are
open as to whether these repave-
ments should be made or not. In
certain cases, the protests coming to
me have been so large and generous
in character that I am going to with-
draw some of the proposed ordi-
nances now and save you the time
of staying here and making an indi-
vidual protest. There are certain ar-
teries in the City of Newark, arteries
which are used for traffic generally,
where we have to keep the pavement
in good condition in order to get the
traffic through. We cannot say that
the repair of Belleville Avenue in
order that traffic may be diverted to
Bloomfield Avenue is of any benefit
whatever to property owners on
Belleville Avenue. Same is true of
Clinton Avenue, Springfield Avenue
and South Orange Avenue. It is ab-
surd that property owners should be
assessed for improvements of that
kind. If it enhances the value of
your property, your assessment will
be increased and the city will get it
back from assessments, and I think
we have a demonstration today, Mr.
Mayor and gentlemen of the Com-
mission, which should start us on a
new policy with regard to the repair-
ing of streets. We are out of step
with other cities of the country and
cities of Europe, where repairing and
many general improvements are
done by bond issue. I am going to

Mr. S. P. Lower, 154 Elizabeth Avenue, protested against the repaving of Elizabeth Avenue, stating that 100 per cent. of the property owners were opposed to it.

The following protest on Elizabeth Avenue repaving was received and read:

Newark, N. J., March 15, 1921.

The Board of Commissioners of
The City of Newark, N. J.

Dear Sirs:—

We, the undersigned property holders in the City of Newark, N. J., owning property along Elizabeth Avenue from Clinton Avenue to Bigelow Street, do respectfully protest with reference to the proposed repaving of Elizabeth Avenue. We believe this section can be patched, and after being properly done would be in nearly as good condition as repaving, there being only a few very bad spots along this line. We also protest as to the expense to property holders being unnecessary, especially at this time, when taxes are so much in excess as three years ago, all other expenses being more than owners living in their houses and owners renting to tenants can now carry. Owners having tenants have leased for

the coming year from May 1st and cannot get more rent to balance this extra unlooked for expense.

We therefore pray that you will not repave this street, but do the necessary patching instead.

Respectfully,

(Signed by 82 property owners on
Elizabeth Avenue.)

Ordered received and filed.

Commissioner Raymond moved that the ordinance entitled "An Ordinance to provide for the repaving of Elizabeth Avenue from Clinton Avenue to Bigelow Street with asphalt resurfacing (2-inch top surface, 1½-inch binder) on the old concrete foundation properly repaired," be laid over until April 7th.

The roll being called, the motion was declared adopted by the following votes:

Yeas — Commissioners Archibald, Brennan, Monahan, Raymond, Mayor Gillen.

Commissioner Raymond offered the following ordinance, which was read by the Clerk:

An Ordinance to provide for the paving and repaving of Abington Avenue from Mt. Prospect Avenue to Lake Street with asphalt resurfacing (2-inch top surface, 1-inch binder) on the old macadam roadway and cobble gutters, that portion of the street at present unpaved to be provided with a 6-inch rolled stone base of 1½-inch stone on which the asphalt resurfacing shall be laid.

The Board of Commissioners of the City of Newark do ordain:

Section 1. That Abington Avenue from Mt. Prospect Avenue to Lake Street shall be paved and repaved with asphalt resurfacing (2-inch top surface, 1-inch binder) on the old macadam roadway and cobble gutters, that portion of the street at present unpaved to be provided with a 6-inch rolled stone base of 1½-inch stone laid in two layers of 3 inches each, with a clay binder course intervening on which the asphalt resurfacing shall be laid as on the remaining portion of the pavement, with the necessary new curbing or resetting of the curb, together with all other appurtenances incidental to the paving and repaving of said street, including the laying of concrete sidewalks at street intersections, and elsewhere wherever needed, and the laying or relaying of a sidewalk or sidewalks or such portion or portions of sidewalks as may be disturbed or may become necessary or expedient, or the grade of which may be affected on account of the laying of the pavement or the setting or resetting of the curb, under and by virtue of the provisions of an Act entitled "An Act Concerning Municipalities," approved March 17, 1917 (P. L. 1917-319), and the supplements thereto and amendments thereof.

Said improvement to be made as a local improvement and the cost thereof to be assessed against the property benefited by said improvement in proportion to the benefits received.

In order to avoid the necessity of excavating and tearing up the improved portion of said street, after

the making of said improvement, the owner of any and all lands on the line of said improvement are hereby ordered and directed to make the necessary connections with the sewer, gas and water mains to the curb line in said street for each lot fronting upon said street within thirty days after the passage of this ordinance. Upon failure of any such owner to make or cause said connections to be made, the same will be made by the Department of Streets and Public Improvements, in which case the costs and expenses of making said connections will be assessed upon the lands benefited. Each 25 feet of frontage upon said street for the purposes of this improvement shall be considered a lot.

Sec. 2. That this ordinance shall take effect immediately and all ordinances or parts of ordinances inconsistent with the provisions of this ordinance be and the same are hereby repealed.

The ordinance having been read once, Commissioner Raymond moved that it be ordered to a second reading.

The roll being called, the motion was declared adopted by the following votes:

Yeas — Commissioners Archibald, Brennan, Monahan, Raymond, Mayor Gillen.

The Clerk then read the ordinance by sections.

Title declared open to amendment.

Section 1 declared open to amendment.

Section 2 declared open to amendment.

The ordinance was declared open to amendment in all its parts.

The ordinance having been read a second time, Commissioner Raymond moved that it be ordered to a third reading.

The roll being called, the motion was declared adopted by the following votes:

Yeas — Commissioners Archibald, Brennan, Monahan, Raymond, Mayor Gillen.

Commissioner Raymond moved that the ordinance be taken up on third reading on March 31, 1921.

The roll being called, the motion was declared adopted by the following votes:

Yeas — Commissioners Archibald, Brennan, Monahan, Raymond, Mayor Gillen.

Commissioner Raymond moved that an ordinance entitled "An Ordinance to provide for the repaving of Baldwin Avenue from Clinton Avenue to Avon Avenue with asphalt resurfacing (2-inch top surface, 1 ½-inch binder) on the old telford pavement properly scarified and repaired," be laid over until April 7th.

The roll being called, the motion was declared adopted by the following votes:

Yeas — Commissioners Archibald, Brennan, Monahan, Raymond, Mayor Gillen.

Commissioner Raymond moved that an ordinance entitled "An Ordinance to provide for the repaving of Farley Avenue from Clinton Avenue to Avon Avenue with asphalt resurfacing (2-inch top surface, 1 ½-inch binder) on the old telford pavement properly scarified and repaired," be laid over until April 7th.

The roll being called, the motion was declared adopted by the following votes:

Yeas — Commissioners Archibald, Brennan, Monahan, Raymond, Mayor Gillen.

Mr. Wm. L. Greenbaum protested against the repaving of Treacy Avenue, stating that a petition signed by 72 property owners had been filed with the Department of Streets and Public Improvements.

Commissioner Raymond moved that an ordinance entitled "An Ordinance to provide for the repaving of Treacy Avenue from Clinton Avenue to Rose Terrace with asphalt resurfacing (2-inch top surface, 1 ½-inch binder) on the old telford pavement properly scarified and repaired," be laid over until April 7th.

The roll being called, the motion was declared adopted by the following votes:

Yeas — Commissioners Archibald, Brennan, Monahan, Raymond, Mayor Gillen.

Mrs. Martha Revere, 285 Meeker Avenue, favored the repaving of Meeker Avenue, but objected to the kind of pavement to be laid.

Commissioner Raymond moved that an ordinance entitled "An Ordinance to provide for the repaving of Meeker Avenue from Elizabeth Avenue to Peshine Avenue with asphalt resurfacing (2-inch top surface, 1½-inch binder) on the old telford foundation properly scarified and repaired, the brick gutter paving to be repaired where necessary," be laid over until April 7th, in order that his Department may look into the propriety of asphalt pavement.

The roll being called, the motion was declared adopted by the following votes:

Yeas — Commissioners Archibald, Brennan, Monahan, Raymond, Mayor Gillen.

Commissioner Raymond offered the following ordinance, which was read by the Clerk:

An Ordinance to provide for the resurfacing of Bleecker Street from Halsey Street to High Street with a bitulithic flush coat surface on the present bitulithic pavement.

The Board of Commissioners of the City of Newark do ordain:

Section 1. That Bleecker Street from Halsey Street to High Street shall be resurfaced with a bitulithic flush coat surface on the present bitulithic pavement, with the necessary new curbing or resetting of curb, together with all other appurtenances incidental to the resurfacing of said street, including the laying of concrete sidewalks at street intersections, and elsewhere wherever needed, and the laying or relaying of a sidewalk or sidewalks or such portion or portions of sidewalks as may be

disturbed or may become necessary or expedient, or the grade of which may be affected on account of the laying of the pavement or the setting or resetting of the curb, under and by virtue of the provisions of an Act entitled "An Act Concerning Municipalities," approved March 27, 1917 (P. L. 1917-319), and the supplements thereto, and amendments thereof.

Said improvements to be made as a local improvement and the cost thereof to be assessed against the property benefited by said improvement in proportion to the benefits received.

In order to avoid the necessity of excavating and tearing up the improved portion of said street, after the making of said improvement, the owner of any and all lands on the line of said improvement are hereby ordered and directed to make the necessary connections with the sewer, gas and water mains to the curb line in said street for each lot fronting upon said street within thirty days after the passage of this ordinance. Upon the failure of any such owner to make or cause said connections to be made, the same will be made by the Department of Streets and Public Improvements, in which case the costs and expenses of making said connections will be assessed upon the lands benefited. Each 25 feet of frontage upon said street for the purpose of this improvement shall be considered a lot.

Sec. 2. That this ordinance shall take effect immediately and all ordinances or parts of ordinances inconsistent with the provisions of this ordinance be and the same are hereby repealed.

The ordinance having been read once, Commissioner Raymond moved that it be ordered to a second reading.

The roll being called, the motion was declared adopted by the following votes:

Yeas — Commissioners Archibald, Brennan, Monahan, Raymond, Mayor Gillen.

The Clerk then read the ordinance by sections.

Title declared open to amendment.

Section 1 declared open to amendment.

Section 2 declared open to amendment.

The ordinance was declared open to amendment in all its parts.

The ordinance having been read a second time, Commissioner Raymond moved that it be ordered to a third reading.

The roll being called, the motion was declared adopted by the following votes:

Yeas — Commissioners Archibald, Brennan, Monahan, Raymond, Mayor Gillen.

Commissioner Raymond moved that the ordinance be taken up on third reading on March 31st, 1921.

The roll being called, the motion was declared adopted by the following votes:

Yeas — Commissioners Archibald, Brennan, Monahan, Raymond, Mayor Gillen.

The roll being called, the motion was declared adopted by the following votes:

Yeas — Commissioners Archibald, Brennan, Monahan, Raymond, Mayor Gillen.

Mr. C. K. Corcoran, representing the Lehigh Valley Railroad Co., objected to the repaving and paving of Stockton Street, on the ground that it would be of no benefit to his company.

Commissioner Raymond stated that the manufacturers and Fire Department desired the street paved.

Commissioner Raymond offered the following ordinance, which was read by the Clerk:

An Ordinance to provide for the paving and repaving of Stockton Street from Wilson Avenue to Delancy Street with new oblong granite block pavement on a new six (6) inch concrete foundation, strengthened where necessary with a broken stone sub-base.

The Board of Commissioners of the City of Newark do ordain:

Section 1. That Stockton Street from Wilson Avenue to Delancy Street shall be paved and repaved with new oblong granite block pavement on a new six (6) inch concrete foundation, strengthened where necessary with a broken stone sub-base. The old granite block at present laid in the center of the roadway to the Lehigh Valley Freight Yard to become the property of the city and to be hauled by the contractor to the City Yard. With the necessary new curbing or resetting of curb, together with all other appurtenances incidental to the paving and repaving of the said street, including the laying of concrete sidewalks at street intersections, and elsewhere wherever needed, and the laying or relaying of a sidewalk or sidewalks or such portion or portions of sidewalks as may be disturbed or may become necessary or expedient, or the grade of which may be affected on account of the laying of the pavement or the setting or resetting of curb, under and by virtue of the provisions of an Act entitled "An Act Concerning Municipalities," approved March 27, 1917 (P. L. 1917-319), and the supplements thereto and amendments thereof.

Said improvements to be made as a local improvement and the cost thereof to be assessed against the property benefited by said improvement in proportion to the benefits received.

In order to avoid the necessity of excavating and tearing up the improved portion of said street, after the making of said improvement, the owner of any and all lands on the

line of said improvement are hereby ordered and directed to make the necessary connections with the sewer, gas and water mains to the curb line in said street for each lot fronting upon said street within thirty days after the passage of this ordinance. Upon failure of any such owner to make or cause said connections to be made, the same will be made by the Department of Streets and Public Improvements, in which case the costs and expenses of making said connections will be assessed upon the lands benefited. Each 25 feet of frontage upon said street for the purposes of this improvement shall be considered a lot.

Sec. 2. That this ordinance shall take effect immediately and all ordinances or parts of ordinances inconsistent with the provisions of this ordinance be and the same are hereby repealed.

The ordinance having been read once, Commissioner Raymond moved that it be ordered to a second reading.

The roll being called, the motion was declared adopted by the following votes:

Yeas — Commissioners Archibald, Brennan, Monahan, Raymond, Mayor Gillen.

The Clerk then read the ordinance by sections.

Title declared open to amendment.

Section 1 declared open to amendment.

Section 2 declared open to amendment.

The ordinance was declared open to amendment in all its parts.

The ordinance having been read a second time, Commissioner Raymond moved that it be ordered to a third reading.

The roll being called, the motion was declared adopted by the following votes:

Yeas — Commissioners Archibald, Brennan, Monahan, Raymond, Mayor Gillen.

Commissioner Raymond moved that the ordinance be taken up on third reading on March 31st.

The roll being called, the motion was declared adopted by the following votes:

Yeas — Commissioners Archibald, Brennan, Monahan, Raymond, Mayor Gillen.

Mr. James M. Seymour, representing himself as owner of 160 Mechanic Street, also one-third of the property owners on Mechanic Street, protested against the repaving of this street, stating that it was unnecessary and that the few bad spots in the street could be repaired at a cost of about \$500.

Commissioner Raymond moved that an ordinance entitled "An Ordinance to provide for the repaving of Mechanic Street from approximately 175 feet east of Broad Street to Alling Street with oblong granite block pavement on a new six (6) inch concrete foundation," be laid over until April 7th.

The roll being called, the motion was declared adopted by the following votes:

Yeas — Commissioners Archibald, Brennan, Monahan, Raymond, Mayor Gillen.

Commissioner Raymond moved that an ordinance entitled "An Ordinance to provide for the repaving of Fourteenth Avenue from Hayes Street to Hunterdon Street with oblong granite block pavement on a new six (6) inch concrete foundation," be laid over until April 7th.

The roll being called, the motion was declared adopted by the following votes:

Yeas — Commissioners Archibald, Brennan, Monahan, Raymond, Mayor Gillen.

Commissioner Raymond moved that the ordaining clause of an ordinance entitled "An Ordinance to provide for the repaving of Clinton Avenue from Jelliff Avenue to the Irvington line, as follows: "From Jelliff Avenue to the west side of Chadwick Avenue, the curbs to be moved 4 feet northerly and 4 feet southerly, narrowing the northern and southern sidewalks 4 feet each and the space acquired in the roadway to be paved with new oblong granite block pavement on an 8-inch concrete foundation. From the west side of Chadwick Avenue to the Irvington line, the curbs to be moved 4 feet northerly and 4 feet southerly, narrowing the northern and southern sidewalks 4 feet each, the street to be repaved on each side of the street railway tracks with the exception of one foot outside of said tracks to the new curb locations with new oblong gran-

ite block pavement on a six (6) inch concrete foundation," be stricken out.

The roll being called, the motion was declared adopted by the following votes:

Yeas — Commissioners Archibald, Brennan, Monahan, Raymond, Mayor Gillen.

Mayor Gillen—The Board is now prepared to hear any citizens on the Centre Market ordinance.

The following communication was received and read:

CHAMBER OF COMMERCE
of the
CITY OF NEWARK, NEW JERSEY.

March 24, 1921.

Hon. Charles P. Gillen,
Mayor of the City of Newark, N. J.

Dear Sir:—

I am enclosing for your information a true copy of a resolution relative to the new Centre Market and relocation thereof, which was unanimously adopted by the Chamber of Commerce at its regular monthly members' meeting held at the Robert Treat Hotel on Wednesday evening, March 23, 1921.

It is earnestly desired that your Honorable Board give speedy and favorable consideration to the ordinance which is now before you.

Yours very truly,

E. W. Wollmuth,
Secretary.

Resolution adopted by the Chamber of Commerce at its regular monthly members' meeting, held at the Robert Treat Hotel, Wednesday evening, March 23, 1921:

RESOLVED, That it is the unanimous opinion of the Chamber of Commerce that the Board of City Commissioners be requested to proceed with the plans to erect a new market building on the site bounded by Mulberry Street on the west, South Canal Street on the north, Commerce Street on the south, and Railroad Place on the east, as recommended to the Board of City Commissioners by the Municipal Affairs Committee of the Chamber of Commerce.

Ordered received and filed.

Mr. Charles Barr, Jr., representing the Building Trades Council, stated that he represented twenty-five to thirty thousand organized mechanics in the City of Newark and that he appeared before the Board to urge the necessity of going ahead with the market project on the proposed site east of Mulberry Street, stating in the past his organization had been opposed to erecting the market anywhere except on the present site, but that after a thorough study of the proposition they had become convinced that the site east of Mulberry Street is the most favorable site to erect the new market.

Mr. Henry F. Hilfers, representing the Essex Trades Council, stated his organization after a careful study of the project felt that the new site east of Mulberry Street was an ideal site and urged that the Board proceed to erect the market on the proposed new site.

The following resolution was received and read:

BUILDING TRADES COUNCIL

Newark and Vicinity.

Newark, N. J., March 18, 1921.

RESOLUTIONS.

WHEREAS, Hundreds of building trades mechanics and other workers depending on building for a livelihood in this city are at the present time out of work, and the prospects of obtaining employment being very remote unless something is done by our city and county officials to provide work by the erection of public buildings, and

WHEREAS, There is no indication of the cost of building material decreasing for some time to come, neither can it be expected that the cost of labor is going to decrease while the high cost of living conditions exist, with but slim chances of coming down materially in the near future, and

WHEREAS, A new market is urgently needed, and whether it should be erected on the present site or on the east side of Mulberry Street, as has been outlined at various hearings and through the public press, could be safely left in the hands of our City Commission, especially as the arguments advanced for and against either plan seems to be of minor importance when we consider the employment it would furnish to those that need it, and need it quick, both plans having their advantages and disadvantages.

RESOLVED, By the Essex Trades Council, that we urge upon our Board of City Commissioners the need of a new market building, and that the same should be started without any undue delay. Whether erected on the present site or on the east side of Mulberry Street should be left entirely to their judgment, and whatever decision they may reach it seems to us should and would meet with the approval of the wage-earners and patrons of our market, and that the site east of Mulberry Street would not be objectionable if they in their wisdom so decide.

RESOLVED, That a committee of three be appointed who in conjunction with a municipal committee appear before the City Commissioners next Thursday and express to them the sentiments of these resolutions.

PROVIDED FURTHER, That this resolution only be effective if the Building Trades Council adopt a similar resolution.

Charles Barr, Jr.,

President Pro Tem.,

Building Trades Council of Newark.

Approved by the Building Trades Council of Newark, March 23, 1921.

Attest: Henry F. Hilfers,

Secretary,

Essex Trades Council.

Ordered filed.

Dr. William G. Hanrahan, 36-A Fulton Street, presented the following resolution:

RENT PAYERS' ASSOCIATION
OF ESSEX COUNTY,

Incorporated.

WHEREAS, There is a difference of opinion as to the location of the new Centre Market, largely between the Market Plaza site on the west side of Mulberry Street and a site almost opposite on the east side of Mulberry Street. The Plaza site is now open and receptive to a new building, while the site on the east side of Mulberry Street is occupied by many dwellings furnishing homes to hundreds of families to be dispossessed, which will make more acute the suffering of our people and create further victims to the profiteering landlords through house shortage, therefore be it

RESOLVED, We, the Rent Payers' Association of Essex County, respectfully request our City Commission to submit this question by referendum to our voters next May election, as they have as much intelligence and foresight as the opponents of the Plaza site, and to stop, if possible, the destruction of so many dwellings sorely needed by the people of our city during this great home stringency.

Respectfully submitted,

William G. Hanrahan,
President.

March 24, 1921.

Ordered filed.

Dr. Hanrahan urged that the Board adopt the resolution as presented and put the question of site for the new market up to the people on referendum.

Mr George W. Lawrence, 33 Summit Street, favored the suggestion of Dr. Hanrahan to put the matter of site for the new market before the people on referendum and offered the following:

I move we here assembled vote the following:

There shall be printed on each official ballot at the May election, 1921, of this city the following:

"If you favor the proposition written below mark an X in the square opposite the word 'Yes.'"

"If you are opposed thereto mark an X in the square opposite the word 'No.'"

We, the people and patrons of the Centre Market of Newark, N. J., want it to remain where it is now located on the land given by our wise and generous predecessors for a market for the people of the city and suburbs.

Ordered filed.

Mr. Herbert Boggs, representing the Chamber of Commerce, stated that the marketmen were unanimously in favor of the new site and urged that the ordinance as now before the Board be adopted.

Mr. Meyer Zemel urged that the market be erected on the site east of Mulberry Street, stating that the erection of a new market on this site would improve a very poor locality.

Mr. Noah Geiger urged that the market be erected on the Plaza site, stating that the placing of the mar-

ket on the proposed new site would tend to take away homes that are badly needed.

Mr. John H. Enstice, representing the Traffic Club, urged that the market be erected on the site east of Mulberry Street.

Mr. Henry Hebler, representing the Building Trades Council, stated that his organization felt the question of location of the new market should be left to the wisdom of the Board.

Commissioner Monahan—I am glad to see labor take the stand it has and I would like to say a few words regarding the old site. The old site never would be large enough to build the kind of a market we intend to build. I have no objection to the old site. If it was large enough I would have stuck to my former ordinance, but I was convinced the other site was more suitable and therefore I changed my mind. I would like to say another word regarding the remarks of Dr. Hanrahan that we are going to dispossess a lot of people living in that vicinity. I want to say there are very few people living in that neighborhood and the demolishing of those old buildings will have a tendency to build a lot of buildings to house the families that are now looking for rooms, for the reason that there will be a lot of building material coming from those buildings after they are demolished. Another thing, in this new site we will have ample room to build and take care of the farmers, and also commission merchants, with railroad facilities. I would like anybody who wishes to do so to step up here and look at this plan. It is only tentative, but it is according to plans I

have in view. We will widen Commerce Street, making it 60 feet wide, also widen Canal Street and make that a wide thoroughfare and not interfere with any future use of the canal. The market will be far enough away from the canal bed to allow for any improvements that may be seen fit and will not interfere with the canal or its future uses. I think it is an ideal site and it will not take us long to go through with the condemnation proceedings.

Commissioner Raymond—I would like to say a word on this subject. I have always been opposed to building a market on the Plaza site from the beginning, and that has been my position for the last six years. I could not have voted for a market on that site. I think the present site that Commissioner Monahan has chosen has been chosen with great wisdom, leaving the Plaza site for future development in line with the growth of Newark, the establishment of a splendid civic center there. The condition of employment is such that I feel it is wise to start the market now. So far as a referendum goes, there might be some good reason for referring the question of the expenditure to the people, but the question of site, it seems to me, would be absurd to refer to the people on referendum. I shall take pleasure in voting for this ordinance.

Commissioner Brennan—I might say I had for years been wedded to the erection of a modern market on the present site. After the proposed site was suggested and after looking over the drawings made of same, which I had the pleasure of having explained to me by men capable of doing it, and having taken the matter up with various labor organiza-

tions who for years have fought for the erection of a new market on the present site, gives me pleasure to at least get under way before my term of office expires in the erection of a market that will be a credit to the city in preference to the one we have at present, and I feel five years hence after this market has been constructed there will not be a citizen in Newark that will not say that the Commission exercised wisdom for the future growth of Newark in moving to the new site. The erection of a new market is admitted on all sides as necessary, and it is something positively desired by the purchasing public.

A representative of Hebeler & Co. stated he had seen the plans for the new market on the site east of Mulberry street and that the commission merchants on Commerce Street were heartily in favor of the new site.

Commissioner Archibald stated he was fully convinced that the market on the proposed new site was the best location for the market.

Commissioner Monahan offered the following ordinance, which was read by the Clerk:

An Ordinance to authorize the acquirement of lands to be used for market buildings and market facilities and for the erection thereon of buildings to be used as a public market and of buildings to be used as a public market and a parking station.

The Board of Commissioners of the City of Newark do ordain:

Section 1. That the plots of land bounded on the north by South Canal Street; on the east by River

Street and Railroad Place, on the south by Commerce Street, and on the west by Mulberry Street, shall be acquired by the City of Newark, either by purchase or condemnation, for the purpose of market facilities and the erection thereon of market buildings and a public parking station.

Sec. 2. That a new Centre Market building with a parking station provided for on the second floor of said building to be erected upon a part of the lands described in Section 1 of this ordinance be and the same is hereby authorized.

Sec. 3. That a farmers' market to be established upon a part of the land described in Section 1 of this ordinance be and the same is hereby authorized.

Sec. 4. That the total cost for acquiring the lands above described and for the erection thereon of the buildings herein provided for and the establishment of the farmers' market shall not exceed the sum of \$3,000,000.00, and that the sum of \$637,135.35, now in hand in the City Treasury, being the balance of the proceeds of a bond issue heretofore authorized for the erection of a new Centre Market, be and the same is hereby appropriated for the uses and purposes herein authorized and the balance of said sum of \$2,362,864.65 is hereby appropriated for the purposes herein specified and shall be raised by a bond issue.

Sec. 5. This ordinance shall take effect immediately.

The ordinance having been read once, Commissioner Monahan moved that it be ordered to a second reading.

The roll being called, the motion was declared adopted by the following votes:

Yeas—Commissioners Archibald, Brennan, Monahan, Raymond.

Nay—Mayor Gillen.

Mayor Gillen—In voting no on this ordinance I do so for reasons already stated at a hearing on this ordinance held before. I feel the two principal reasons why we should not pass this ordinance at this time is because we should wait until we see what disposition is made of the Morris Canal and the fact that this Commission is about to go out of office, are sufficient why a project of this magnitude should not be adopted. There have been many good reasons advanced why we should go ahead, but still, in my opinion, they do not supersede the reasons that compel me to vote against it. I still feel, since this Commission has only about one month to live, to undertake a project to spend three million dollars is a matter we should leave to the new Commission. I vote no against the ordinance.

The clerk then read the ordinance by sections.

Title declared open to amendment.

Section 1 declared open to amendment.

Section 2 declared open to amendment.

Section 3 declared open to amendment.

Section 4 declared open to amendment.

Section 5 declared open to amendment.

The ordinance was declared open to amendment in all its parts.

The ordinance having been read a second time Commissioner Monahan moved that it be ordered to a third reading.

The roll being called, the motion was declared adopted by the following votes:

Yeas—Commissioners Archibald, Brennan, Monahan, Raymond.

Nay—Mayor Gillen.

Commissioner Monahan moved that the ordinance be taken up on third reading on March 31st.

The roll being called, the motion was declared adopted by the following votes:

Yeas — Commissioners Archibald, Brennan, Monahan, Raymond.

Nay—Mayor Gillen.

Commissioner Raymond moved that the report of the Board of Assessment for Local Improvements assessing benefits for the paving of Doremus Avenue be referred back to the Assessment Commission for further consideration for the same reasons as the reports on the Wilson Avenue paving.

The roll being called, the motion was declared adopted by the following votes:

Yeas—Commissioners Archibald, Brennan, Monahan, Raymond, Mayor Gillen.

Commissioner Archibald moved that the title of "An ordinance providing for a standard of time in the City of Newark for the year 1921" be taken for its third reading.

The roll being called, the motion was declared adopted by the following votes:

Yeas—Commissioners Archibald, Brennan, Monahan, Raymond, Mayor Gillen.

The clerk then read the title of the ordinance as follows:

An ordinance providing for a standard of time in the City of Newark for the year 1921.

The ordinance having been read three times was then declared to be upon its third and final passage.

The roll being called, the ordinance was declared adopted by the following votes:

Newark, N. J., March 24th, 1921.

The Board of Commissioners of
The City of Newark,
City Hall.

Gentlemen:—

In reply to your communication of March the 4th relative to your intention of repaving 13th Avenue, would say that I have carefully inspected the street above mentioned and I can see no reason why this street should be repaved at present time, and to do so I would consider it oversight.

Yours very truly,

Robert H. J. Wheeler.

United States Shipping Board,
Emergency Fleet Corporation.

Philadelphia, March 22, 1921.

To the City of Newark
and Mayor and Common Council
of City of Newark,
Newark, New Jersey.

Dear Sirs:

Notice of exercise of option to re-
new lease of Newark Bay Shipyard.

1. The United States Shipping Board Emergency Fleet Corporation hereby gives written notice to the City of Newark that it elects to exercise and hereby exercises the option for renewal of the lease dated September 27th, one thousand nine hundred and seventeen (1917) made between the Mayor and Common Council of the City of Newark by its Board of Street and Water Commissioners and the United States Shipping Board Emergency Fleet Corporation of the premises more particularly described in said lease, for the additional period of one year from the 15th day of June, 1921, to the 15th day of June, 1922, at ten o'clock in the forenoon of that day, upon the terms, conditions and covenants in said lease, more fully set forth and contained.

2. You are requested to acknowledge the receipt of this notice.

Yours very truly,

R. D. Gatewood, Director,

Division of Construction and Repairs.

Ordered filed.

Maplewood, N. J., March 15, 1921.

Petition for a connection with
sewer in 43rd Street, Irvington.

To the Board of Commissioners of
the City of Newark.

Gentlemen:—

On the 20th day of January, 1914, a joint contract was entered by and between the Township of South Orange in the County of Essex, the Town of Irvington, and the Mayor and Common Council of the City of Newark, under the terms of which contract the City of Newark permitted certain sections of the Township of South Orange to use space in the joint trunk sewer upon payment of Sixty Dollars (\$60.00) per acre for the use of such space.

The Township of South Orange would like to make another connection in addition to the two specified in the contract above referred to, in view of the fact that the sewers ought to have a greater depth, in order to permit sewerage from the cellars of a few houses within the area covered by the contract above referred to.

In order to obtain the best results it will be necessary to connect with the Irvington sewer in 43rd Street at a point south of Elmwood Avenue where the sewer is considerably deeper, thus enabling the two acres of ground referred to to be developed in a more satisfactory manner than would otherwise be possible.

Therefore the Township of South Orange request your Honorable body to amend the contract above referred

to, or to enter into a new contract for a connection in 43rd Street as above described.

Respectfully submitted,

J. T. DE HART, JR.,
Chairman Township Committee.

Edward R. Arcularius,
Township Clerk.

Commissioner Archibald moved that the communication be referred to the Department of Streets and Public Improvements.

THE RALEIGH,
Washington, D. C.,
March 1, 1921.

Hon. C. P. Gillen,
Newark, N. J.

My Dear Mayor:

Mr. Philip Apter, a very valued citizen of our city, has departed this life. To him can be traced the idea of building the Montgomery Street bath. As a memorial to him and as an inspiration to the people as well as a realization to them that the public takes cognizance of the services rendered in behalf of a community, may I take the liberty of requesting you to use your good offices to name the Montgomery Street bath in his memory.

Mr. Apter was for years a sturdy worker in the public bath movement.

I believe that the suggestion which I have offered in this letter will meet with the general approval of all concerned. With regards, I am,

Sincerely,

LOUIS A. FAST.

RESOLVED, That it is the intention of the Board of Commissioners of the City of Newark, N. J., under and by virtue of the provisions of an Act entitled, "An Act Concerning Municipalities," approved March 27, 1917 (P. L. 1917-319), and the supplements thereto and amendments thereof, to order and cause the paving of Hedden Terrace from Hawthorne Avenue to West Runyon Street with a concrete pavement, with the necessary new curbing or resetting of curb, together with all other appurtenances incidental to the repaving of said street, including the laying of concrete sidewalks at street intersections and elsewhere wherever needed, and the laying or relaying of a sidewalk or sidewalks or such portion or portions of sidewalks as may be disturbed, or may become necessary or expedient, or the grade of which may be affected on account of the laying of the pavement, or the setting or resetting of the curb.

Said improvement to be made as a local improvement and the cost thereof to be assessed against the

property benefited by said improvement in proportion to the benefits received.

In order to avoid the necessity of excavating and tearing up the proposed improved portion of said street, after the making of said improvement, the owner of any and all lands on the line of said proposed improvement are hereby ordered and directed to make the necessary connections with the sewer, gas and water mains to the curb line in said street for each lot fronting upon said street within thirty days after the passage of an ordinance providing for said improvement. Upon failure of any such owner to make or cause said connections to be made, the same will be made by the Department of Streets and Public Improvements, in which case the costs and expenses of making said connections will be assessed upon the lands benefited. Each 25 feet of frontage upon said street for the purposes of this improvement will be considered a lot.

And the Director of the Department of Streets and Public Improvements is hereby directed to give public notice in an authorized daily newspaper, printed and published in the City of Newark, of the intention of the Board of Commissioners to order and cause such improvements to be made, and that all persons whose lands may be affected by such improvements or who may be interested therein will be given an opportunity to be heard concerning the same at a meeting of said Board, to be held in its meeting room, City Hall, on April 21, 1921, at 11 o'clock

A M, at which time and place ordinances for the making of such improvements will be considered.

The following communications were received and read:

Commission on Building Districts
and Restrictions,

City Hall.

Newark, N. J., March 31, 1921.

The Board of Commissioners of
the City of Newark, N. J.

Honorable Sirs:—

At a meeting of the Board of Appeals held March 29, 1921, a delegation of residents from Clinton and Shanley avenues presented a protest signed by thirty-five property owners of the neighborhood against the construction of stores and garages at 607 and 609 Clinton Avenue. This part of Clinton Avenue is designated under the Building Zone Ordinance as a residence district.

It was explained to the protestants that the permit for the stores was issued on December 2, 1919, prior to the passage of the Building Zone Ordinance, and would have expired by limitation one year from that date, but that on November 24, 1920, an

amendment added two more years to the life of all permits issued prior to the passage of the ordinance.

Under this amendment the permit for these stores was automatically extended, and remains now in full force until December 2, 1922.

The jurisdiction of the Board of Appeals is such that it can offer no relief to the protestants, and the Board therefore respectfully refers this matter to your Honorable Body with the recommendation that the amendment of November 24th be further amended to provide that these extensions do not apply to buildings in residential districts.

Very truly yours,
R. B. Rankin,
Secretary Board of Appeals.

Commissioner Monahan moved that the communication be referred to the Law Department.

Newark, N. J., March 28, 1921.

To the Honorable
The Board of Commissioners of
the City of Newark, N. J.

Gentlemen:—

At a legislative conference held today the following bill was considered and referred to your Honorable Board:

Assembly 367.

Respectfully,

W. J. Egan,
City Clerk.

Commissioner Archibald moved that no action be taken on the bill.

The roll being called, the motion was declared adopted by the following votes:

Yeas — Commissioners Archibald, Brennan, Monahan, Raymond, Mayor Gillen.

Commissioner Raymond offered the following ordinance, which was read by the Clerk:

An Ordinance to provide for the vacation of Parkhurst Street from the easterly line of Avenue D to the westerly line of Adams Street, and for the vacation of Avenue E from the southerly line of Thomas Street southerly about 88.25 feet to a property line.

The Board of Commissioners of the City of Newark do ordain:

Section 1. That Parkhurst Street from the easterly line of Avenue D to the westerly line of Adams Street and Avenue E from the southerly line of Thomas Street southerly 88.25 feet shall be vacated as public streets or highways, as shown on a map on file in the office of the Chief Engineer of the Department of Streets and Public Improvements, known as No. 1237-V, by virtue of the provisions of Section 1, Subdivision (b) of Article 22, of an Act of the Legislature of the State of New Jersey, entitled "An Act Concerning Municipalities," approved March 27th, 1917, and the acts amendatory thereof and supplementary thereto.

Sec. 2. That this ordinance shall take effect immediately and all ordinances or parts of ordinances inconsistent with the provisions of this ordinance be and the same are hereby repealed.

The ordinance having been read once, Commissioner Raymond moved that it be ordered to a second reading.

The roll being called, the motion was declared adopted by the following votes:

Yeas — Commissioners Archibald, Brennan, Monahan, Raymond, Mayor Gillen.

The Clerk then read the ordinance by sections.

Title declared open to amendment.

Section 1 declared open to amendment.

Section 2 declared open to amendment.

The ordinance was declared open to amendment in all its parts.

The ordinance having been read a second time, Commissioner Raymond moved that it be ordered to a third reading.

The roll being called, the motion was declared adopted by the following votes:

Yeas — Commissioners Archibald, Brennan, Monahan, Raymond, Mayor Gillen.

Commissioner Raymond moved that the ordinance be taken up on third reading and final passage on April 7th.

The roll being called, the motion was declared adopted by the following votes:

Yeas — Commissioners Archibald, Brennan, Monahan, Raymond, Mayor Gillen.

The following communications were received and read:

Office of the Mayor.

Elizabeth, N. J., March 29, 1921.

Hon. Charles P. Gillen, Mayor,
Newark, N. J.

Dear Sir:—

Will you kindly inform me what action your municipality has taken or is about to take in regard to daylight saving, and send me the requested information, if possible, in time to enable me to bring the matter before our City Council at its meeting on Tuesday, April 5th, 1921.

Thanking you for your compliance with this request,

Respectfully,

Victor Mravlag, Mayor.

Commissioner Monahan moved that the communication be referred to the City Clerk, with instructions to supply the information.

The roll being called, the motion was declared adopted by the following votes:

Yeas — Commissioners Archibald, Brennan, Monahan, Raymond, Mayor Gillen.

A petition to prevent the construction of stores and garages on the vacant lots next to 603 Clinton Avenue:

We, the undersigned, do hereby vigorously protest against the construction of stores and garages on the vacant lot next to 603 Clinton Avenue by Henry Scheider of 708 Clinton Avenue, owing to the fact that the ordinance created by the zoning system prohibits any such construction other than residential in this location. Also, that it would be a nuisance to the neighboring residents by having these garages back of their residences, creating noises and emitting obnoxious odors and gases all hours of the day and night. Also, that these would create an objectionable sight in a restricted private residential section by piling boxes and rubbish of all kinds in the rear of the houses.

Be it noticed that when the builder had the same condition prevail in his own case where other prospectors endeavored to construct a motion

picture house in the close proximity of his confines, said Henry Scheider entered a strenuous protest, yet is ready to construct in the heart of a prize residential section, stores and garages against the desires of hundreds of home investors, the combined divines of three large churches within a stone's throw of the lots and persons who have unwittingly commenced to build fine residences, innocent of the proposed undesirable construction on the lot next to 603 Clinton Avenue.

Signed by 35 property owners.

Commissioner Raymond—We have had a long talk and given due consideration to this matter. The situation is a legal one. Mr. Congleton advised us the zoning ordinance having been passed after this permit was granted, could not be retroactive in its terms, and therefore Mr. Scheider is entitled to go ahead with his buildings. It is a Court of Chancery action.

Corporation Counsel Congleton — When the Building Department grants permits they do not go into the matter of whether there are restrictions on the property. Someone has the right to go before the Court of Chancery.

Mayor Gillen — Has the city the power to rescind?

Corporation Counsel Congleton— Not in my judgment.

Commissioner Raymond moved that the petition be received and referred to the Zoning Commission and Law Department.

The roll being called, the motion was declared adopted by the following votes:

Yeas — Commissioners Archibald, Brennan, Monahan, Raymond, Mayor Gillen.

Commissioner Monahan — Mr. Morse, the Commissioners have seen fit to present you with this badge for the good work you have done as custodian of our flags, and hope that you will continue it.

Mr. Morse—I thank you, and I shall continue to do so.

Commissioner Raymond moved that the lease of the Emergency Fleet Corporation on file in the City Clerk's Department be referred to his Department.

The roll being called, the motion was declared adopted by the following votes:

Yeas — Commissioners Archibald, Brennan, Monahan, Raymond, Mayor Gillen.

Mayor Gillen—On that score may I say a word? Would it not be well to refuse at this time a renewal of this lease? Citizens have appeared before us and have protested because the premises are occupied for other purposes than for what it was leased. We do not want to do any injury to the Submarine Boat Corporation, but would it not be well to protect the city's interest to refuse a renewal of the lease on the grounds that the property is being used for purposes other than what it was originally leased?

Corporation Counsel Congleton—The lease provides for certain renewals and they must exercise their right before the first of April, which they have done. I do not understand that we have to take any affirmative action on it.

Commissioner Raymond moved that the protests filed with the City Clerk on the paving of various streets be transferred to his Department.

The roll being called, the motion was declared adopted by the following votes:

Yeas — Commissioners Archibald, Brennan, Monahan, Raymond, Mayor Gillen.

Commissioner Archibald moved to adjourn.

The roll being called, the motion was declared adopted by the following votes:

Yeas — Commissioners Archibald, Brennan, Monahan, Raymond, Mayor Gillen.
